

MRS. STETSON  
DRIVEN FROM  
CHURCH

Order of Excommunication  
from Christian Science  
Organization Is Issued.

DIRECTORS FIND  
PROOF OF TREASON

Declare She Attempted to  
Make Herself Independent  
Dictator at Expense of  
the Power of Mrs. Eddy.

NEW YORK, Nov. 18.—Mrs. Stetson made a formal statement tonight in which she said that she had not been driven from the church, but had seen the notice of excommunication from the Christian Science Organization.

STETSON, Nov. 18.—An order of excommunication against Mrs. Stetson, one of the most prominent and powerful members of the Christian Science denomination, was issued today by the board of directors of the mother church of the organization.

In their order, the directors stated that conference of more than three days had convinced them of the truth of charges against Mrs. Stetson, namely, that she had been guilty of the gravest sin of the church, and that she had persisted in teaching and practicing that are contrary to Christian Science.

DRASTIC ACTION.—The order of excommunication is a drastic measure, and in view of Mrs. Stetson's prominence, today's action was regarded as most drastic. Mrs. Stetson, formerly of the First Church of Christ, Scientist, of New York City, and until her suspension today was pastor emerita of that church at a salary of \$5,000 a year.

In answer to a summons by the board of directors, Mrs. Stetson on Monday appeared before the board at the mother church. The session was secret, no one being present except Mrs. Stetson, her counsel, witnesses and the directors.

The directors today made public their findings in the case. The board of directors made known its ruling in the following statement: "A complaint against Mrs. Stetson, one of the most prominent and powerful members of the Christian Science denomination, was issued today by the board of directors of the mother church of the organization."

"It was ordered by said board that the evidence in support of defense in compliance should be presented in form of affidavits, given or stated made by the complainant or the accused should be given or made orally in the presence of the directors; that the evidence in support of the right to the case should be heard commencing on November 15."

The hearing commenced at that time and was concluded on November 17. Mrs. Stetson was present with her counsel. Her evidence in support of the complaint consisted of affidavits of twenty-seven persons, five letters written by Mrs. Stetson to her students and a copy of a letter written by her to the directors of the church. The evidence in defense consisted of affidavits of two letters and Mrs. Stetson's personal testimony and statements.

"After considering the evidence it was the unanimous conclusion that the charges had been proven, and were true. Mrs. Stetson's name was dropped from the roll of membership of said church."

"The officers of the church, Mrs. Stetson, were given a vote against Mrs. Stetson of two kinds. First, working against the interest of the members of this church, and second, her teachings, and against the teachings in the church, and practices which are contrary to Christian Science."

STRICTLY IN CONTROL.—Vernon O. Stricker, first reader of the church, who has been in control of its spiritual affairs said he saw no reason why the removal of Mrs. Stetson should in any way affect the church.

"The charges against Mrs. Stetson have been proven, and she has been driven from the church. The church is in a state of peace and harmony, and the officers of the church are in full control of its spiritual affairs."

BUBONIC PLAGUE  
AGAIN IN VENEZUELA

CARACAS, Nov. 18.—The bubonic plague has appeared in this city for the first time in many years, and it is feared that it will spread to other parts of the country.

STORM RAGES OVER  
NORTHWEST COAST

PORTLAND, Nov. 18.—A cold and stormy day in the Pacific Northwest today, with heavy rain and strong winds. The storm is expected to continue for several days.

CANNON HAS  
REPLY FOR  
CRITICS

Again Denies That He Is a  
Czar and Rules the House  
in Arbitrary Manner.

CUMMINS' IGNORANCE  
IS HIS OWN FAULT

Speaker Also Ridicules the  
Lack of Knowledge He  
Says Champ Clark Dis-  
plays of National Affairs.

CHICAGO, Nov. 18.—Joseph G. Cannon, speaker of the House of Representatives, answered his critics with a reply to the present rules of the House, and denied that the speaker was a czar. He said that the speaker was a servant of the people, and that he was not a czar.

Cannon said that the speaker was a servant of the people, and that he was not a czar. He said that the speaker was a servant of the people, and that he was not a czar. He said that the speaker was a servant of the people, and that he was not a czar.

UNITED STATES IS WEARY OF  
CENTRAL AMERICAN TURMOIL

Execution of Two Americans By Zelaya's Government  
Puts an End to Patience of Diplomats at Washington

---Dictator's New Minister Is Rejected and Satisfaction Demanded of Nicaragua By Knox

PRESIDENT TAFT DISPATCHES TWO  
WAR VESSELS TO PROTECT RIGHTS

WASHINGTON, November 18.—Announcement that this government is tired of the high handed action of small Central American republics virtually was contained in a despatch sent late today to the Bluefields steamship company, which sought the protection of the State Department from interference by insurgents now operating against Zelaya.

An hour after a peremptory note couched in diplomatic language, but none the less direct, was delivered to Senor Felipe Rodriguez, charge d'affaires of the Nicaraguan legation, demanding a full and complete explanation of the execution of two Americans—Leonard Grace and Leroy Cannon, killed by order of Zelaya when they were found in the insurgent army.

Pending a satisfactory explanation of the occurrence, President Taft has refused to recognize Isidore Haza, new Nicaraguan Minister. Taft is thoroughly aroused by actions of the Zelayan government and apparently is determined to make the lives of American citizens much safer and much more respected in Central America than they have been hitherto.

WILL NOT PROTECT SHIPMENT OF ARMS.—The attitude of the government was clearly shown late today when the State Department sent a despatch to the Bluefields steamship company, the headquarters of which is in New Orleans. The company's regular steamer was about to set sail for Bluefields with a miscellaneous cargo in which were a number of rifles and other munitions of war.

The corporation was warned by agents of the Nicaraguan insurrectionary forces that the vessel would be liable to seizure and the steamship people promptly called on the State Department to demand the protection of this government in such cases. The State Department replied promptly. The answer was the result of a conference between the president and the secretary of state and carried full weight.

It gave the steamship concern no encouragement and practically recognized the revolutionary forces operating against the Zelayan administration, a proceeding for which there probably is no parallel in the records of this government.

This despatch, directed to the steamship company at New Orleans, and signed "Knox, Secretary of State," read: "If the announced blockade or investment of the Nicaraguan port of San Juan del Norte (Greytown) is effectively maintained, and the requirements of international law, including warning to approaching vessels are observed, this government would not be disposed to interfere to prevent its enforcement. A naval vessel will be ordered to Greytown to observe and report whether the blockade is effective."

NICARAGUA CAUSES TOO MUCH TROUBLE.—Nicaragua has given this government more trouble in the last few years than any other country save, perhaps, Venezuela. The attitude of the United States, as shown by its apparent recognition of the present administration, indicates to diplomats that this government would welcome the overthrow of the present administration. It is well known that President Zelaya's attitude toward Americans and American interests has been displeasing for some time.

The State Department today maintained a reserve that was described by one diplomat as "ominous." It was learned, however, that both President Taft and Secretary Knox practically have determined on the exertion of some forceful moral suasion, if nothing more, with a view of bringing Central American states to a realization of their responsibilities.

Aside from acknowledgment of the killing of the two Americans, the department declined to discuss the existing crisis. EXECUTION OF AMERICANS INDEFENSIBLE.—The execution of the Americans is held here to be indefensible. In the absence of complete details this government is reserving judgment, but if the men were captured in the ranks of the enemy with arms in their hands, they were entitled to military trial, under international law. It is inconceivable to officials that either man was acting as a spy.

While no orders have been issued for the dispatch of war vessels other than the Des Moines and the Vicksburg to observe conditions on both the Atlantic and Pacific coasts, there are plenty of vessels in Caribbean waters that can be sent to the scene on the shortest notice, while there are other vessels within call on the Pacific coast. It is evident that the temper of the administration has been thoroughly aroused, and if occasion warrants, the State Department may advise drastic action.

Last year Minister Coolidge resigned and returned from Greytown. It was given out then that Mr. Coolidge returned merely because of ill health, but it was learned subsequently that he was forced to withdraw to preserve his dignity and the standing of this government. Since then there has been no diplomatic connection between the two governments except through the Nicaraguan legation here.

Attaches of the legation declined today to make any comment on the situation. The new minister, Senor Haza, naturally refused to discuss it, as his credentials had been waived aside at the White House. There was an air of genuine anxiety about the legation, however, and diplomats regarded the situation as grave.

EXECUTION OF AMERICANS.—A telegram from the Bluefields Steamship company, in New Orleans, today announced that the company had been informed by the Nicaraguan government that the two Americans, Leonard Grace and Leroy Cannon, had been executed by order of Zelaya. The company had been informed by the Nicaraguan government that the two Americans, Leonard Grace and Leroy Cannon, had been executed by order of Zelaya.

REIGN OF TERROR.—NEW ORLEANS, Nov. 18.—A telegram from the Bluefields Steamship company, in New Orleans, today announced that the company had been informed by the Nicaraguan government that the two Americans, Leonard Grace and Leroy Cannon, had been executed by order of Zelaya. The company had been informed by the Nicaraguan government that the two Americans, Leonard Grace and Leroy Cannon, had been executed by order of Zelaya.

STATEMENT FROM ZELAYA.—MANAGUA, Nov. 18.—A telegram from the Bluefields Steamship company, in New Orleans, today announced that the company had been informed by the Nicaraguan government that the two Americans, Leonard Grace and Leroy Cannon, had been executed by order of Zelaya. The company had been informed by the Nicaraguan government that the two Americans, Leonard Grace and Leroy Cannon, had been executed by order of Zelaya.

TARANTULA AGITATES  
DEAD LETTER OFFICE

WASHINGTON, Nov. 18.—The dead letter office of the postoffice department held its name today when a tarantula threw the clerks into a frenzy that for a moment threatened to become a stampede. The trouble started when J. E. Davis, a clerk, tore the cover from a mysterious looking package addressed to "Don't Forget to Write to Your Mother, Florence, Italy."

He found a box pierced with small holes. Placing it to his ear he shook it in an effort to ascertain whether it contained an insect, and whether it was a tarantula. The tarantula was found in the box, and it was killed. The tarantula was found in the box, and it was killed.

1881, Succeeding Holland.

BRIEF ILLNESS AT  
NEW YORK HOME

Deceased Was Poet of Considerable Skill, as Well as a Lecturer and Author of Important Prose Works.

NEW YORK, Nov. 18.—Richard Watson Gilder, editor in chief of the Century Magazine since its foundation in 1881, and widely known as an author and lecturer, died unexpectedly tonight of a heart attack at his home in New York City.

Gilder was taken ill in the delivery of a lecture on "The Century Magazine" before the Young Men's Christian Association, Oceanside, N. J., on Wednesday night, November 17.

The doctor who was called in to attend to him, Dr. Joseph Collins, said that Gilder had only a few hours of life left when he was taken ill. He said that Gilder had been in poor health for some time, and that he had been suffering from a heart ailment.

Gilder was a poet of considerable skill, as well as a lecturer and author of important prose works. He was a member of the New York Academy of Letters, and he was a member of the New York Academy of Letters.

ONE BODY IS  
TAKEN FROM  
MINE

Nineteen Other Victims of  
Cherry Disaster Are Located  
By the Rescuers.

BLOCKED GALLERIES  
MUST BE CLEARED

Dead Are Supposed to Be in  
Heaps Behind the Fallen  
Debris—Work of Charity  
Reaches Many Families.

CHERRY, Nov. 18.—Disasters were reported late tonight, but were handled without assistance from the militia. Mayor Connelly was informed that the Cherry mine had been attacked by an Italian, who threatened him with a stiletto. The Italian is said to have lost several relatives in the disaster.

CHERRY, Nov. 18.—With the recovery of one body, believed to be that of one of the men who were killed in the Cherry mine, the rescue work of the militia is said to be progressing rapidly today. The air shaft following the daring exploration that resulted in the location of twenty bodies, was closed, and a full stream of water was directed into it. Then the main shaft was attacked. The temperature of this shaft has been higher than 100 degrees, but continuous sprinkling today reduced it to ninety.

When the canvas and sand with which the mine had been closed were removed, a cloud of steam rolled out, but it was only a puff. Men in helmets first descended to the fatal second gallery. They reported the mouth of the drift badly blocked by timber and mud, but the fact that their safety lamps were not extinguished indicated the absence of black damp.

The next squad to descend went without helmets and reported that the work of reaching the 300 bodies in the St. Paul mine progressed rapidly today. The air shaft following the daring exploration that resulted in the location of twenty bodies, was closed, and a full stream of water was directed into it. Then the main shaft was attacked. The temperature of this shaft has been higher than 100 degrees, but continuous sprinkling today reduced it to ninety.

## GAMBLERS ORDERED TO LEAVE MADERA

Constable Lewis Gives Them Short Shift.

Solicitor for Western Empire of Los Angeles Arrested as Vag.

MADERA, Nov. 18.—There is consternation among the gamblers in town, for the edict has gone forth that they must leave town. Constable Lewis has notified the card sharps to leave and has given them six hours to three days in which to seek another location, threatening to arrest them if they fail to heed the notice. The officer states that he has the backing of the supervisors and city trustees, so that there seems to be no appeal for the gamblers.

Frank H. Austin, who claims to be a solicitor for the Western Empire of Los Angeles, was arrested last night by Constable Lewis on a vagrancy charge. Austin has been in town two weeks and his principal business seems to be hanging around saloons until late at night. He pleaded not guilty this morning and will be given a jury trial Saturday.

The testimony in the Dispersal case before Referee Larew, who has been trying to learn how much property belongs to Dispersal and how much is community property, came to an end yesterday. Referee Larew pronounced that he would give his findings to Judge Trabucco of Mariposa, who tried the divorce case, within thirty days after the testimony, which has been ordered transcribed, is given him.

Judge W. M. Conley returned last night from San Francisco. Mrs. Will Krohn of Coarse Gold, who has been visiting friends in Pasadena, came here today on her way home. Attorney G. W. Mordant left today for San Francisco to spend a week's vacation.

## HIDDEN DANGERS

Nature Gives Timely Warnings That No Fresno Citizen Can Afford to Ignore.

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are ailing. Kidneys secrete a clear amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and prevent them permanently. Here's the proof:

George W. Wadsworth, retired, 444 M street, Fresno, Cal., says: "It gives me pleasure to recommend Doan's Kidney Pills, as they helped me greatly. I suffered continually from symptoms of kidney complaint. I had to get up often at night to pass the kidney secretions. I was lame and stiff and had attacks of dizziness. Doan's Kidney Pills which I procured at Baker & Colson's drug store, helped me at once and when I had taken the contents of two boxes, I was free from all my trouble. I can endorse Doan's Kidney Pills highly."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## MAN IS ATTACKED WITH PITCHFORK

Assailant Arrested and Haled Into Court.

Youth Fined \$10 for Smashing Furniture in Drunken Orgy.

KERMAN, Nov. 17.—Justice of the Peace F. H. Snyder today set Monday next at 10 a. m. as the date for the preliminary hearing in the case of the People vs. J. W. Cook, a resident of this place, the charge against the latter being assault with a deadly weapon on the person of Charles Biglow, a farmer of Kerman. The alleged assault was made on Monday morning. Biglow sustained a severe scalp wound and another in a finger having penetrated it. Dr. J. M. Greenhaw dressed the wounds of the injured man, who will be confined to his home for some days in consequence of the injury.

The trouble occurred over the purchase of a horse by Cook from Biglow, the latter receiving \$5 as an option. Subsequently Cook returned the horse and demanded his money back. Biglow, it is said, refused to return the sum paid. On Monday they met on the road, each man in his wagon. Cook again demanded the money and it was again refused, whereupon Cook is said to have threatened to take the value of his payment out of Biglow's hide. The latter is a small, old man, but it is related that he told Cook to proceed. The men alighted from their wagons. Cook armed with a pitchfork. The fight ensued, with the result above stated.

Cook was arrested and required to deposit \$100 as bail for his appearance at the hearing set for next Monday.

## RAISES DISTURBANCE

J. W. Anderson, Jr., who resides across the San Joaquin river from this place, his parents' home being in Mariposa county, was fined \$10 in Justice of the Peace F. H. Snyder's court today on a charge of disorderly conduct, the offense having been committed in the Club Cafe on Sunday. The original charge was that of resisting an officer, but the defendant's willingness to plead guilty to the lesser offense caused the charge to be minimized. T. J. Peterson, a deputy sheriff, made the arrest. Before yielding to the officer, Anderson drew a weapon and defied the officer.

In addition to the fine young Anderson was required to pay the cost of damage done to the saloon property.

## JURY EXONERATES DINUBA WATCHMAN

C. E. Tollerton Fails to Make Good Charge.

Crowd Overflows Courtroom and Adjournment Had to Supervisors' Room.

VISALIA, Nov. 18.—The charge of battery preferred by C. E. Tollerton, a Dinuba rancher, against Nightwatchman Hall of the Alta town, had an amusing before Justice Clark in this city today. An account of the many witnesses, jury and large crowd generally an adjournment was taken to the supervisors' room in the court house, where the trial was held. District Attorney McFadden appeared for the prosecution and C. E. Tollerton of this city and Joe E. Green of Dinuba for the defense.

The testimony showed that a spirited war of words had been followed by Hall's either hitting or shoving Tollerton. Evidence was also taken to show the reputation of the two men for peace and quietude.

The case was argued and submitted late this afternoon and resulted in a verdict of not guilty being returned. Mr. and Mrs. H. G. Glaser, who recently disposed of their home, will leave shortly to make their home in Los Angeles.

Word that C. A. Wilbur, a former resident of this city and now residing in San Francisco, is recovering from an operation recently undergone here, has been received here. Dr. T. O. McSwain of this city, who has been seriously ill for some time, assisted in the operation. The latter is reported as greatly improved and may return to this city in a short while.

Articles of Incorporation of the Greenleaf Water Company of Lindsay were filed today. The company is capitalized for \$8000, of which \$300 has been actually subscribed. The directors are Z. P. W. Smith of Whitlir and A. B. Holt and J. E. Edwards of Lindsay. Lands in that vicinity will be irrigated by the company.

Misses Frances and Celeste Chatten, formerly of this city and now residing in San Francisco, are here on a visit. The Misses Chatten are daughters of the late Dick Chatten, well known pioneer and wealthy ranchman.

Mr. and Mrs. J. E. Reuter are home on a trip of some four months spent in the East and Middle West. They spent most of their time visiting relatives in Minnesota.

Mrs. Charley Davis and son, Dubois Davis, were directed committed to the insane asylum at their examination conducted before Judge Wallace, this morning. Both are feeble minded.

Another son is now in the asylum and a third is still at Tulare afflicted like the others. Recently they tore down a good house and have since been living in the open under a poorly contrived shed.

A marriage license has been issued to J. L. Henson of Exeter and Miss Minnie B. Driesbach of the same place. The groom is the pastor of a church and the bride is a prominent church worker.

The Sunday school institute for this district was in session this afternoon and evening at the First M. E. church. C. R. Fisher, state secretary, was present and delivered two addresses, and Mrs. Devo, a prominent primary worker of Fresno, was in attendance and addressed the meeting upon the primary work. There is a good attendance from several churches in this vicinity.

A petition for probate of the will of Ralph Jones has been filed. The estate consists of several hundred acres in this and Tuolumne counties and lots in Tulare.

## RAISIN MEETING IN KINGSBURG TODAY

Million Dollar Corporation Is Favored.

Swedish Church Plans Harvest Entertainment for Wednesday Night.

KINGSBURG, Nov. 18.—A mass meeting of the raisin growers of this section will be held in Fraternal hall tomorrow (Friday) at 2 o'clock to consider the Central California Raisin Company. Speakers will be present to discuss and explain the proposition in detail. For some weeks there has been a general looking forward to a meeting of this kind on the part of local growers, and it is expected, now that a meeting has been announced, that there will be an immense turnout. The unsatisfactory returns secured by the Farmers' Union has turned many of the growers of Kingsburg and vicinity away from that organization and now they look the coming of the Central California Raisin company as the only proposition that can afford them relief. The offer of 3 cents on a 3 year contract is not receiving the support that some might think it should, but so many growers feel that this is done just now to affect and break up the proposed organization of the growers under the plan of the million dollar company.

What might have been a most serious fire for Kingsburg was prevented by the alertness of Nightwatchman Anderson. On Monday morning he was walking past the drug store, and on looking in saw an immense amount of smoke all through the building. He immediately gave the alarm and summoned Mr. Kimberlin. On opening the store the smoke was so thick and suffocating that it was almost impossible to go through it. The fire was discovered in the rear part of the store, where a lot of oils and explosive stuff are kept. The fire had started in a box filled with sawdust which was kept in the store for the convenience of customers. The theory is that about closing time Sunday night some one threw a cigar stump into this box, and that it smoldered along until it burst forth in a blaze. A hole had been found in the floor and a draft was giving the flames encouragement. When Mr. Kimberlin got there, the fire was shooting up in a blaze about two feet high and in less than three minutes the whole thing would have been beyond control.

Next Wednesday evening, November 21st, the young men of the Swedish M. E. church will give what is to be known as a "Harvest Entertainment" at Fraternal hall, the program to commence at 8 o'clock. Refreshments will be served afterward. The program:

Selection, orchestra; invocation, Rev. G. E. Kallstedt; solo, "In Kingsburg Town," A. Leon Peterson; essay, "The First Thanksgiving," E. L. Gase; dialogue, "The River Gators," Fred Peterson; Elmer Peterson; selection, male quartet; recitation, Ray Nelson; oration, Wesley Martin; dialogue, "The Watermelon Case," piano solo, Mr. A. Buddy; selection, male quartet; selection, orchestra; tableaux, "The Harvest Home."

On Monday night at the Mission church in this city Miss Effie C. Gustafson was united in marriage to A. J. Wilson. The church was elaborately decorated and was well filled with the friends of the bride and groom, both of whom are most favorably known to all the people of the community. The ceremony was performed by Rev. Mr. Bousquet, immediately after which a reception was held at the home of the groom. The happy couple were the recipients of many valuable gifts.

Anton Johnson returned Monday morning with his bride, having been married in Oakland last Wednesday to Miss Hilma Swanson of Minneapolis, Minn. For their wedding tour they took a trip to San Francisco and the coast. Upon the arrival of the happy couple they were showered with rice, and on Monday night were serenaded by the tin-can brigade.

on Tenth street at the corner of J street and another on Tenth and K streets. These were much needed, as there is considerable traffic on Tenth street, it being one of the principal approaches to the business section of town. This makes a total of fourteen lights for which the Reedley people are paying.

The work has been busy during the past week, having called at the home of C. H. Green, J. J. Netherland, Wm. Evans and G. E. Rice.

Chas. Simon, L. R. Piper, Henry Jacobson and H. G. W. Dinkelspiel have been bay city visitors in Reedley this week looking after property interests.

Miss Martin Shibley returned on Wednesday from an extended autumn visit with relatives in the bay cities.

A new street light has been installed

## REEDLEY ATHLETES FAST SPRINTERS

Grammar Boy Gives Him Pupil Close Rub.

Mile Made in 5 1-2 Minutes; W. C. T. U. Gives White Ribbon Tea.

REEDLEY, Nov. 18.—A very interesting foot race was witnessed on Tuesday evening by a large assemblage of pupils and teachers of both the high school and grammar school, besides many of the townspeople. Where Walter Foxman of the high school, wrestled from Olle Heikkila of the grammar school the local championship in a mile race. Young Heikkila had previously proved himself a winner in a contest with the second team of the high school, and Foxman is a representative of the high school first team. The mile was made in 5 minutes and 30 seconds with Heikkila just ten feet behind the winner. Considerable interest is being manifested by the high school boys in training for general track sports this season, and they are glad to find in the grammar school some worthy talent with which to compete.

Mrs. Rodamer of Pennsylvania, mother of Mrs. Whitlow, has wired that she will probably arrive on Saturday to be with her daughter.

The most elaborate social function ever given by the Christian Temperance Union was the white ribbon tea given on Wednesday afternoon at the home of Mrs. Wm. Ross on J street. Over two hundred invitations were sent out, and the afternoon assemblage numbered almost many. Mrs. Ross' home adapts itself admirably to such an occasion. It had been darkened and artificially lighted with candles. Festoons of white ribbon elaborately decorated the parlors and dining room and beautiful white roses and chrysanthemums were everywhere in evidence, a souvenir bouquet being presented to each guest. A number of out-of-town guests were present.

The membership of the local union now numbers nearly half a hundred and it is a growing, thriving institution.

T. Z. Meane, after a visit of a few weeks with Mr. and Mrs. A. C. Cronby, left on Wednesday morning for Santa Rosa, where he will visit his brother.

A new street light has been installed

## CLUB WOMEN GIVE "CHILDREN'S DAY"

Little Ones Render Clever Program.

Revival Services to Begin in Two of Selma's Churches Sunday.

SELMA, Nov. 18.—The Wednesday Club met yesterday at Casa Bonita, the home of Mrs. E. A. Becker, for a children's day. This was one of the social days of the club and the children of the club members were invited and contributed the entertainment for the afternoon. Mrs. Becker, who was leader for the day, had arranged a delightful program, which was greatly enjoyed by both the members and the youthful visitors.

Leonora Aiken opened the program with a piano solo, a Sonata by Clementi, played in a most creditable manner.

"A Man's Question" proved very interesting as a recitation by Dorothy Shafer.

Little Helen Borden sang a sweet little nursery song, accompanied by Cleo Rorden. This was followed by a quaint lullaby song as a duet by Maxine and Fay Elliott to their dolly and Teddy bear.

Horace Smith made his first appearance as a violinist and merited the hearty encore which he received. His first number was a Slumber song by Schill and the encore Waltz Mignon. Elizabeth Street played his accompaniment on the piano.

The first part of the program closed with a song of the Raindrops by little Mary White, Leonora Aiken accompanying.

The second part of the program was a series of five tableaux, representing some of Shakespeare's heroines, of whom the club has read. While Mrs. W. E. Street read a selection from each of the following plays were drawn, disclosing a living picture of the heroine. With a ruby light reflected on their faces the effect was very pleasing and each of the characters seemed particularly suited to the girls who represented them. The following pictures were given: Miranda, Frankie Drew; Portia, Vincenta Steves; Ophelia, Gladys Sherwood; Lady Macbeth, Ruth Shafer; Juliet, Elizabeth Street.

Revival services will be begun in two of Selma's churches on Sunday, at the Christian church and at the M. E. Church (South). State Evangelist J. A. Brown, assisted by Mr. Gates, a well known singer, will have charge of the services at the Christian church, while Rev. A. S. Cecil will assist at the M. E. Church (South).

On Sunday evening at the Presbyterian church the Endeavor societies of Selma will hold a rally in the interest of the world among the sailors. Each Endeavor is to bring a can of fruit, a sack of raisins or dried fruit, the donations to be sent to the Sailors' Rest.

Miss Bertha Price of the West Side Grammar school left tonight for Escondido to spend the weekend with her cousin, Miss Mildred Goodspeed, who is teaching in the high school there.

Mrs. E. A. Becker is very ill at her home on Stillman street.

An interesting convention of the Avonian's Foreign Missionary Society of Fresno district was held at the First M. E. church here Monday and Tuesday. Twenty-seven delegates were present from the different auxiliaries.

F. B. Howari and family have bought the J. M. Powell home on Young street and have taken possession already.

Mrs. L. W. Taylor and daughter returned Tuesday from a three weeks' trip to Oakland.

Work has been received here of the marriage on last Friday of Miss Maude Baird to Homer Kidwell of Orcutt. The wedding took place in Los Angeles

on Tenth street at the corner of J street and another on Tenth and K streets. ## WOMAN'S NIGHTMARE

No woman's happiness can be complete without children; it is her nature to love and want them as much as it is to love the beautiful and pure. The critical ordeal through which the expectant mother must pass, however, is so fraught with dread, pain, suffering and danger, that the very thought of it fills her with apprehension and horror. There is no necessity for the reproduction of life to be either painful or dangerous. The use of Mother's Friend so prepares the system for the coming event that it is safely passed without any danger. This great and wonderful remedy is always applied externally, and has carried thousands of women through the trying crisis without suffering.

COOKE, BANK OF CALIFORNIA, Depository; W. M. HEFTON, of Hanford, JACOB ZWANG, GUY H. SALISBURY, Secretary and Treasurer.

## Four minute Records for the Edison Phonograph

When Mr. Edison invented the Amberol Records he invented the longest Record ever made for a sound-reproducing machine. But the Amberol Record is not only longer; it is better. It is made from a new composition which makes a more perfect reproduction of music or the voice than any known method.

An Amberol Record in an Edison Phonograph is the most perfect reproduction of a song or a piece of instrumental music that you have ever heard.

But do not accept our statement. Go and hear it. There is a dealer near you. Hear the Edison Phonograph and compare it with other instruments before you decide. We will leave it to your judgment as to whether you can buy anything for the price that will give you so much real, genuine fun and pleasure as the Edison Phonograph. Edison Phonographs, \$12.50 to \$125.00. Edison Amberol Records (five songs) 75c. Edison Standard Records, 35c. Edison Gramophone Records, 25c. There are Edison dealers everywhere. Write to the nearest and best Edison Phonograph and Edison Standard and Amberol Records, for complete catalogs from your dealer or from us.

NATIONAL PHONOGRAPH COMPANY, 75 Lakeside Avenue, Orange, N. J.

## You Don't Need Wait

for Thanksgiving to be thankful nor until Wednesday to order your Thanksgiving suit or have your last one pressed, nor do you have to wait a week to get under one of those new fuzzy hats, the brushed domestic for style the young fellows are wearing.

Of course you'll want dress-up duds for Thanksgiving, such as a new overcoat and at least a nice derby, but I'm hired to tell you when we get in new things that are worthy and I won't let a chance like this go.

I wonder if we'll have as nice Thanksgiving tugs next year as we have this. I'll sure be going some if we have. Willie, with

## A PLEASANT WAY TO CURE CATARRH

Poor deluded victim!  
Continually sprinkling and spraying and stomach dosing.  
What are you doing it for?  
Trying to kill the catarrh germs?  
Might just as well try to kill a cat with fresh milk.

Striking a piece of chewing gum in the upper left hand corner of the right ear would slough just as many germs.

You can't kill the germs that cause catarrh unless you get where they are.

You can get where the germs are by breathing Hyomei, the powerful yet soothing antiseptic, which is prepared especially to kill catarrh germs.

Just breathe it in, that's all. It gives joyful relief in five minutes. It is guaranteed by the San Joaquin Drug Co. to cure catarrh, or money back.

It is sold by leading druggists everywhere. A complete outfit, including Hyomei, costs \$1.00. Extra bottles, 50c. Cures nose throat, coughs and colds.

"I take especial pride in recommending Hyomei to asthmatic sufferers, as I know by experience that it is a remedy that cures. I have not since using Hyomei had any recurrence of asthma."—Mrs. Wm. Hurten, Owensboro, Mich., June 22, 1909.

**MI-ONA**  
Cures Indigestion

It relieves stomach misery, sour stomach, belching, and cures all stomach diseases or money back. Large box of tablets 50 cents. Druggists in all towns.

**Coal and Wood**

## Social and Club News

One of the most elaborate dinners of the season was that at which Mr. and Mrs. G. R. Taylor entertained last evening at their attractive Northampton home. This hospitable host and hostess have been giving a series of dinners during the past few weeks to their intimate friends and all have been charming affairs. Last night the decorative scheme was a particularly attractive one in tones of crimson and red. Exquisite American Beauty roses were used in the table decoration while clusters of beautiful red and gold autumn leaves adorned the chandelier overhead and graced the dining room.

Resting on a beautiful lace centerpiece a cut glass bowl held the lovely roses which formed the central decoration. Red shaded candles completed the charming effect and places were designated by gold monogrammed place cards.

On this occasion Mr. and Mrs. Taylor's guests were: Mr. and Mrs. M. Loper, Mr. and Mrs. S. H. Fadden, Mr. and Mrs. C. H. Hotelling, Mr. and Mrs. E. J. Bullard, Mr. and Mrs. Milton D. Hoffman, Mr. and Mrs. J. D. Stephens, Mr. and Mrs. A. D. Chance, Mrs. W. B. Wilson, Miss Marie Houston and Miss Lucy Spurlock.

Mrs. J. M. Collier arrived yesterday from Los Angeles to spend the Thanksgiving holidays with Mrs. W. J. Baker at her suburban home.

Mrs. S. J. Miller, who has been spending several weeks with Fresno friends, returned on Wednesday to her home in Visalia.

An interested audience of club women gathered in the auditorium of the Parlor Lecture Club yesterday to listen to the second of a series of lectures which Mrs. L. V. Chapin of the Empire City Club is giving on "Current Topics." Both the attraction of the subject and Mrs. Chapin's own personal charm make this series very popular. Few women are able to grasp subjects of national and international importance as Mrs. Chapin does so successfully as Mrs. Chapin, who occupies a unique position in the lecture field among women.

Yesterday she dealt mainly with European affairs, setting before her audience the great chess game of foreign affairs with such clearness and emphasis that each word was closely followed. She explained the intricacies of the various alliances without the slightest confusion of ideas on the part of her hearers.

A magazine article of serious import that staggers the average reader assumes the simplicity of a child when set forth in Mrs. Chapin's lucid fashion. In fact, she plans the best from all that is written upon a subject and presents it quite free from prejudice.

She spoke at some length upon the revision of the English tax system and also upon the recruiting of the British army which at present is of deep concern to British subjects. From speaking of English affairs she turned to a serious study of England's place. Some startling figures were given in regard to Germany's naval equipment as a protection for its sea-going commerce, showing further back the origin of Germany's position as a world power, which was exceedingly interesting. The Franco-Russian alliance, the import of the czar's visit to the King of Italy, which binds all the Empire of the czar, and the alliance with Germany, all entered into the general discussion of Europe's great triple alliance.

"If the money spent in armaments," concluded Mrs. Chapin, "were spent in promoting peace, there would be no war."

Of matters in this country, Mrs. Chapin spoke of the growing cotton industry in the Imperial Valley and what it means to the desert countries of the West. She also touched upon the outcome of the various municipal elections.

It is not necessary to state that Mrs. Chapin's next visit will be awaited eagerly, as firmly as she established in the best circles of Fresno's club women.

On Monday and Tuesday of this week about a dozen women from the First Methodist church attended the district meeting of the Empire City Club at the home of Mrs. C. H. Hotelling. Among the delegates were Mrs. Charles C. Woods, the district president; Mrs. G. R. Taylor, Mrs. T. H. Hall, Mrs. A. V. Lisenby, Mrs. T. L. Way, Mrs. Robert McIndoo, Mrs. W. A. Edgerly, Mrs. Anna McKinney, and others.

Mrs. A. L. Starks and son of San Jose are the guests of Mrs. C. H. Richardson and family.

A very pretty home wedding was solemnized last night at the home of the bride's parents, Rev. and Mrs. A. D. Smith, on Glen avenue, when Miss Rose Smith, the youngest daughter of the family, was united in marriage with Orin B. Griffiths. Both young people are very well known socially, having taken an active part in affairs among the young people of the First Baptist church. The bride is a very sweet, attractive girl, who has lived all of her life in Fresno and received her education in the public schools. The groom is a successful young railroad man, holding a position of trust in the construction department of the Santa Fe.

The bride's friends had transformed the parlor and living room into a beautiful home of autumn colorings, using masses of greenery and chrysanthemums to carry out a very charming idea. The ceremony took place beneath an archway of greenery between the parlor and living room. It was performed by the Rev. A. D. Smith, an especially original and impressive service in verse—an idea which Rev. Smith conceived and has used effectively in a number of previous ceremonies.

The bride was a picture of dainty simplicity in her fitting wedding gown of white Paris mousseline with which she carried a shower bouquet of fluffy white chrysanthemums and fern. The only attendant was little Miss Mary Chaddock, a cousin by marriage of the bride, who bore the ring. She wore a fairly like frock of white mull and lace.

After congratulations had been showered upon the newly wedded pair, buffet refreshments were served in the dining room, which had been tastefully adorned with greenery and flowers. Numbers of beautiful gifts were received both from friends in town and elsewhere. Several of the groom's relatives from Tulare county came up for the wedding. There were about fifty guests present, including relatives and close friends of the young couple.

Mrs. Smith was assisted in receiving the guests by her daughter, Miss Edna Smith, and by her niece, Mrs. Roy Chaddock. Miss Edna Smith, who played the wedding march, and before the service sang a lovely bridal song.

Mr. and Mrs. Griffiths are to make their home for the present with the bride's parents. Later on they expect to take an extended Eastern trip.

Yesterday afternoon the Index of the G. A. R. Sewing Circle were pleasantly entertained at the home of Mrs. W. W. Macion on Glen avenue, the occasion being a jolly quilting bee. This industrious circle of women meet to sew for charity, and while they accomplish practical good likewise enjoy pleasant sociability together. Those present yesterday were: Mrs. Grace Alexander, Mrs. Whitney, Mrs. A. V. Parker, Mrs. Laura Kieberger, Mrs. A. C. Mudge, Mrs. Grider, Mrs. J. B. Myers, Mrs. Miles, Mrs. Duffey, Mrs. Ada Gross, Mrs. M. F. Fellers, Mrs. Annie McKinney, Mrs. Brooks. Two visitors present who are eligible to the order were Mrs. Edwood and Miss Edith Gilchrist.

Mrs. E. J. Cox entertained at luncheon and supper yesterday Mrs. Arthur Benham, together with Mrs. Benham's mother and sister, Miss Jennie Benham, from Plushing, Michigan, and Mrs. Gustia Baker. The luncheon table was prettily decorated in chrysanthemums. The winners in the card games which followed were Mrs. Benham and Miss Benham.

was pleasantly entertained Wednesday evening by Miss Flora. But the first prizes were won by Miss Annie Henry and H. Ford, while the consolation prizes were awarded to Mrs. James Long and T. Waitz. After the games the usual social hour was enjoyed, concluding with a delicious hot supper.

Several guests besides the club members enjoyed the evening's pleasure. Mr. and Mrs. Joe Fine will entertain the club next month.

**FOWLER MEN'S CLUB**  
**MOST DEMOCRATIC**

Directors Emphasize This Feature.

Work Still Being Done in Packing Houses, But Not at Rush Gait.

FOWLER, Nov. 18.—The new board of managers of the Men's Club held their first business meeting in their rooms Monday evening and considered many measures and mapped out plans connected with the year's work of that organization.

Mr. Torrey was continued in charge of the club rooms, with a vacation to visit his son and daughter in Los Angeles and attend a family reunion, and Edmund Leroy appointed to have temporary charge of the club rooms.

J. S. Manley and J. H. Weinberg were made a committee on plans and methods for greater publicity of the club and of the fact that the rooms, over the Manley-Buckland store and directly opposite the bank, are open to everyone, residents or strangers, members or non-members, free of any charge or obligation of any kind, so long as they maintain gentlemanly decorum and comply with the regulations of the organization. And to put stress upon the fact that such club is not a limited, private or "catty" place, it is being circulated, any man, old or young, accepting and complying with the above conditions, is entitled to the privileges of the rooms during the hours they are open, 2 a. m. to 10 p. m. Mechanics, packing house men, men in any line of business or trade, or ranchers, are as welcome as the others.

Some dissatisfaction has in the past resulted from the collection of monthly dues, and taking the membership paying the same the full charge for attending the tables in the rooms. As an offset to this, the new plan of "ladies' nights" has been adopted, and the managers at this meeting decided that with the commencement of dues for 1910, pool table checks should be issued to those paying such dues and who play pool, to the amount of dues they pay.

Tuesday evening, November 20th, was chosen for the first such "ladies' night." A program will be presented and a really enjoyable evening is certain.

Planning is now in progress upon many ranches.

Work still is being done at the packing houses, though in but limited measure at some of the packing unions they are putting up, peaches mostly, in very nicely faced boxes. At the Armstrong, Chaddock and Phoenix similar work and some raisins have been handled during the past week. At Giffen & Co.'s this has been a general car lot of peaches, but have been chiefly working on raisins. Just now they are putting up a line of very attractive cartons of fancy layers for the Eastern Christmas trade.

Each establishment has been sending out cars, and a great many individuals are forwarding packages of raisins and other products to distant friends for Thanksgiving.

The first lecture of the Recreation Club course was delivered last evening by Rev. William Butler of San Francisco, upon "Uncle Sam and American Ideas," and was listened to by a good audience, and appreciated. The other lectures of the course are: "David Harum."

March 16.—Laurany, Magic and Mystery.

April.—Rev. Charles R. Brown, pastor of First Congregational church of Fresno, will be the speaker in the course; and subject to be announced later.

All are of a high order of excellence and sure to be well attended, as they merit.

The new lights installed here are a great improvement. The streets formerly dark are well lighted, and the dreary passing through the park, going to or coming from trains, is at an end.

Trees lining the streets are all being trimmed by town employees, and the effort is made to tell.

The football boys are trying to find a team to play with.

Mr. and Mrs. Dorr have moved into their cozy bungalow on North Sixth street.

The Yorks have moved into the house formerly occupied by the Dorr.

Miss Priest has returned from San Francisco, and soon as through with the pleasures incident to moving into the first cottage north of Fred Nielson, will resume duties at the post-office, where she so long has rendered faithful service.

Mr. and Mrs. Fred Buckland have moved into John Crawford's former home.

Charles Nelson has returned from a few days' hunting trip. He had a pleasant time and was not annoyed by heat, mosquitoes or flies.

Stanley Buckland has been very generously distributing raisins and chrysanthemums from his attractive garden, among his friends. The flowers are most pleasurable companions—couldn't be other than that with such a grower.

**HANFORD MAN IS KILLED BY TRAIN**

Body of Jose Alvarez, Victim of Santa Fe, Found Early Yesterday Morning.

HANFORD, Nov. 18.—Jose Alvarez, who resided on Third street in this city, was instantly killed last night by being run over by a Santa Fe freight train. The mangled remains were discovered about midnight, and were taken by a watchman at the California Fruit Cannery's local plant. A coroner's jury was sworn in by Coroner J. D. Hefton, and an adjournment in the inquest was postponed until tomorrow morning at 10 o'clock, when it is believed that the train crew will be present. It is thought that the dead man was on his way home, and was probably under the influence of liquor. The only known surviving relative is a step-son, L. Daclie, who was fined \$100 today for violating the Kinca county quarantine ordinance, by moving a glandered horse contrary to the orders of Kinca County Livestock Inspector Frank G. White.

W. H. Newport, manager of the Hanford baseball team, is making an effort to secure the services of Catcher Dashiwood of Visalia, an ex-Rhode Islander, to stand behind home plate for Southpaw "Reddy" Burns' team.

The quarantine has been removed from the home of W. H. Brown, after a three weeks' siege with diphtheria.

## A Big Woolen Buy

We bought \$31,000 worth of goods from L. Lyon & Co., the highest grade merchant tailors in the world, who never made a suit less than \$60. They were forced to sell them at a sacrifice—we realized this was a good opportunity for us to buy some of the best woollens that are made at an extremely low price, and our bid being accepted enables us to pass them along to the men of Fresno, tailored in our usual first class style, at the ridiculous price of \$22.50 a suit or overcoat.

**TOMORROW SATURDAY**  
**\$22.50**  
**TOMORROW SATURDAY**

**Get Your Thanksgiving Suit Here Saturday**

FOR YOUR CHOICE OF ANY SUIT IN THIS BIG BUY, FORMERLY SOLD AS HIGH AS \$70 A SUIT. TAILORED IN THE LATEST FASHION BY THE BEST MEN MONEY WILL SECURE.

**Our Reputation Is Your Guarantee**

Get Your Thanksgiving Suit Here Saturday

Come early this morning, for these are many exclusive high-grade patterns of which there is just enough to make one suit. We give you your choice of thousands of patterns, including the latest fancy weaves in

GREEN, TAN, BROWN, GRAYS, ETC., AS WELL AS THE EXCLUSIVE NEW EFFECTS IN WEST OF ENGLAND STRIPES.

# NEWS OF EVENTS IN REALM OF SPORT

## YALE AND HARVARD ELEVENS ARE RESTING

Training Is Over, With Laurels Still to Be Gained.

CAMBRIDGE, Mass., Nov. 18.—The football teams of Harvard and Yale rested quietly tonight some miles from the scene of next Saturday's encounter, with their hard training days behind them and their championship honors still to be gained.

Within the walls of the stadium are seated for 30,000 persons, many of whom are already crowding into Boston, eager for what is generally expected to be the finest exhibition of modern football ever played in America.

The custom of sending the two teams into camp for a week before the game was followed today. Harvard went to the Norfolk Hunt Club at Medford, while Yale came up from New Haven to stay for a couple of days at the Woodland Park hotel at Ansonville.

The Yale men will probably take a trolley trip to the stadium tomorrow afternoon to become acquainted with the grounds.

The Harvard team, led by Captain Fish, was given an enthusiastic send off this afternoon. There were few blunders and even the captain, who received a hard blow in the chest last Saturday, skipped about Harvard Square in a style that belied rumors that he would not be in the lineup.

Yale is not free from an injured list and the right end position was said tonight to be in doubt. Yale is favorite in the betting, although the odds which earlier in the month stood at 5 to 3, are now 6 to 4.

## WILL AVIATORS REPLACE FOOTBALL HEROES AT BIG COLLEGES?

NEW YORK, Nov. 18.—A half dozen of the larger colleges have already organized aero clubs and there is a strong probability that a competitive intercollegiate meet will be held in the near future. The University of Notre Dame, Indiana, the Massachusetts Institute of Technology, Harvard, and the University of Pennsylvania are among the leaders in the movement. The latter institution will have a balloon season on Thanksgiving day. Franklin Field, just before the football game with Cornell. The Pennsylvania students will purchase an aeroplane in the spring and issue challenges to other colleges.

## WOUNDED IN DUEL BY A FRENCH POET

PARIS, Nov. 18.—Gustav Tery, who stirred up the recent naval scandal by alleging corruption in the purchase of supplies, was wounded today in a duel with Laurent Tailhade, the poet, who occupied injury. Tery had taken offense at a newspaper article in which he was criticized by Tailhade.

Tery's charges regarding naval supplies involved him in several damage suits with officials of the navy department.

## FRESNO TIGERS WILL NOT GET SERVICES OF CHICK GANDIL

Charles Graham, manager of the Sacramento club, declares that neither Hap Myers nor Chick Gandil are affected by the agreement reached between the National Association and the California State League. He says that Myers is and was a free agent and that his signing with the Boston Americans will hold good. As far as Gandil is concerned, Graham says he never played with Fresno and can be released by Sacramento. However, the cases of both these men will be brought up for further consideration.

## 200 TO 1 SHOT IN THE MONEY AT LATONIA RACE TRACK

CINCINNATI, Nov. 18.—Three well-played favorites came home in front at Latonia today while two second choices and a rank outsider secured the other events. Bonnie Hard, in the last race, stood a long stretch drive and won by a neck from Light Blue, while Pat Sharp, at 200 to 1, was third.

RESULTS:

First race, mile—Hatchie Coon, 7 to 2, won; Long Hand, 5 to 2, second; Royal Report, 3 to 1, third. Time, 1:44.3-5.

Second race, six furlongs—Gossowary, 15 to 1, won; Deuce, 5 to 1, second; Miss Popular, 3 to 1, third. Time, 1:13.

Third race, six furlongs—Radation, 3 to 1, won; My Gal, 3 to 2, second; Lady McNally, 10 to 1, third. Time, 1:14.5-5.

Fourth race, six furlongs—Patriot, 11 to 20, won; Cholesterol, 8 to 1, second; Apologizer, 12 to 1, third. Time, 1:15.3-5.

Fifth race, mile and an eighth—Earl Rogers, 6 to 5, won; Vaux, 5 to 2, second; Mique O'Brien, 15 to 1, third. Time, 1:58.1-6.

Sixth race, mile and seventy yards—Bonnie Hard, 4 to 5, won; Light Blue, 5 to 1, second; Pat Sharp, 200 to 1, third. Time, 1:47.

## ATHLETIC GOSSIP

A week of strenuous practice by the members of the Fresno High school football squad came to an end yesterday. Today the Purple and Gold huskies will rest in preparation for the scheduled game with Hanford 11 on the Kings county gridiron tomorrow afternoon. Captain Dick Crawford is confident of victory. The contest is the second of the season between the eleven. Fresno 10 won the opening struggle 16 to 0. Crawford is hopeful of rolling up a score in his favor fully three times as large.

J. Cal Ewing and Jack Cook, country clerk of Alameda county and stockholder in the Oakland baseball club, accompanied by their wives, left for a trip to Honolulu yesterday on the steamship China.

Here is the list of Coast League players who are scheduled to go back to the State League: Helger and Fitzgerald, of Sacramento; Vance and Devereaux, of Ventura; Durham and Davis, of San Diego; McKune and Kelly, of Oakland.

The National Commission has decided that Ray ("Doc") Miller was subject to draft at the time he was obtained by Long, which means that the Seals incident is a pending matter. He was drafted by the Chicago Nationals.

## SELECT OFFICIALS FOR EMERYVILLE

NEW YORK, Nov. 18.—The officials who will preside at the four winter tracks will include Will Shady, judge, and Mars Cassidy, starter, at Juarez; Edward Hopper, and Owey and Holman, starters, at Oakland; or Ingleside; Joseph Murphy, judge, and H. D. Brown, starter at Jacksonville, and A. B. Dade, starter at Tampa.

## NOTICE TO TAXPAYERS

The first installment of taxes, both city and county, are due and payable at the office of the Tax Collector, at the Court House, Fresno, the second Monday in October (the 11th) and delinquent the last Monday in November (the 29th).

Both installments may be paid at the same time.

Please remember that after six o'clock on Monday, November 29th, a penalty of 15 per cent will be added, and this law will be carried out to the minute. I would advise paying as early as possible to avoid the rush that occurs the last week.

**A. B. SMITH**  
Tax Collector,  
Fresno County.

## "Big Ed" Konetchy of St. Louis, Who May Figure In Trade

Probably the most talked of man in the daily baseball talkfest is "Big Ed" Konetchy, the St. Louis National's star first-sacker. Konetchy's name has been mentioned in connection with many trades during the past few weeks. But Edger Rogers-Bushman, knowing the worth of his charge to the Cardinals, has refused to part with the services of his star. Still, there is a chance that the clever first-sacker may not wear a St. Louis uniform next season. Besman has received several good offers within the last few days, and some sort of deal may be arranged so as to strengthen the Cardinals. New York is willing to part with Morrie, Brown and Randall for "Big Ed." Philadelphia also is after his services and has offered several good players for the first baseman. Chicago, it is said, is willing to give King for Konetchy. Pitcher Lush and a money consideration. Judging by the many good offers made, the chances are that Konetchy will don another uniform bearing initials that do not stand for St. Louis next season.

## CORRESPONDENCE SCHOOL CUNNINGHAM, PRINCETON'S GREAT BOOT ARTIST

CHICAGO, Nov. 18.—Desiring to improve the game of baseball, President Murphy of the Chicago National League club yesterday invited correspondence with enthusiasts who see some phase in the sport that can undergo betterment.

According to President Murphy, there may be a number of departments wherein improvement can be accomplished, and he is eager to give the folks not officially identified with the rule-making opportunities to remedy regulations that now appear outgrown.

"That's the reason I am going to advocate a school correspondence for the upfit of baseball," said Mr. Murphy. "There are scores of angles that might stand overhauling and I am naturally in favor of a longer session for the National League owners. Instead of assembling at New York next month for a three days' meeting, why not extend the session, giving six or seven days to the consideration of all the questions that the enthusiasts see as points requiring improvement. When the league meets, now it is up to the people to send on their correspondence."

## EAST MAY MEET WEST ON GRIDIRON

NEW YORK, Nov. 18.—Among football enthusiasts there is considerable talk of an effort to match the winner of the Minnesota-Michigan game on Saturday against the winner of the Yale-Harvard game. It being considered that the winners of these two games will be the strongest teams in the East and West. It is considered doubtful, however, if such a match game can be arranged. It is believed that the results will open up the players have been selected on the matter and are in favor, but the athletic directors declare that the heads of the institutions will not permit a game after the close of the regular season.

## STAR FOOTBALLER IS NOT INJURED

NEW YORK, Nov. 18.—Reports that "Bud" White, Fordham college's star football player, had suffered injuries in a game which would make him a cripple for life, were declared today by the university authorities to be entirely without foundation.

## FAVOR MINNESOTA IN THE BETTING

MINNEAPOLIS, Nov. 18.—Coach Yost and the University of Michigan football team arrived this afternoon from Ann Arbor for their game with Minnesota Saturday. Minnesota is favorite in the betting at 10 to 7.

## YOUNG ROBBERS SENTENCED

SAN JOSE, Nov. 18.—This morning in the superior court Frank Smith and Leo Nevins, bank robbers, were sentenced, the former to serve ten years in San Quentin prison and the latter four years. Smith has been identified by two of the bank officials at Everett, Wash., as the youth who robbed a bank there about a year or more ago of \$1,500 after shooting the cashier.

The two youths on the 3rd of last August held up the Valley Bank, at Santa Clara, and started off in an automobile with \$7,315 in coin, but were soon captured within their foot.

## BAT NELSON HURLS DEFT AT FRED WELSH

Will Take English Lightweight Champ on for 45 Rounds.

NEW YORK, Nov. 18.—Batting Nelson and Freddie Welsh, the latter lightweight champion of England, will probably sign articles soon for a fight for the lightweight championship of the world. After being shipped to Johnny Summers in London, Welsh firmly established his right to a fight with Nelson, whom he has been challenging for about two years. Nelson is now quoted as saying that he will take Welsh on and that he will be the Englishman arrives here next month a match can be arranged.

Nelson adds that he will insist on the fight going at least forty-five rounds, which means that California will probably not be the match. Welsh who will sail from England about December 10th, is quoted as saying that as soon as he arrives he will post a \$1000 forfeit to bind the match with Nelson and will agree to any fair terms.

## FOOTBALL IS BRANDED AS NEEDLESSLY DANGEROUS

CHICAGO, Nov. 18.—Football is in for another overhauling. Members of the University of Chicago board of physical culture and athletics, at a special meeting yesterday branded the gridiron game as needlessly and prohibitively dangerous, and started action aiming at important changes in the playing rules to guard against accidents.

The Chicago officials went in record as opposed to the game in its present form and instructed Coach A. A. Staggs to so notify the conference representatives. Coach Staggs will raise the question at the "big eight" meeting tomorrow afternoon. This move is the first of the sort taken by a Western college, and is admittedly the outgrowth of complaints against the heavy annual toll in deaths and injuries on the gridiron.

"The conference, of course, can make no changes on its own authority," said Coach Staggs. "The actual changing of the rules will be left to the official association, and I think it is probable that that body will act in a decisive way."

## SUSPENDED FAMOUS CAR ON CABLE ACROSS A STREET

When the Mitchell Ranger, 1910 model, achieved fame as the first automobile to carry a transcontinental dispatch from General Leonard Wood, U. S. A., in New York, to General J. F. Weston, U. S. A., in San Francisco, it encountered experiences in the mud of Wyoming that quite often threatened to put Dr. Frank X. Zirkles "up in the air." But it remained for an enterprising Atlanta, Ga., man to suggest the literal elevation of this famous machine. During show week in the Georgia city, the Mitchell Ranger was "lifted" by a cable.

Arriving in Atlanta ahead of the great North-South reliability tour that traced the national highway from Gotham to Atlanta, the Mitchell Ranger, a 1910 model, was admitted by many visitors who thronged the agency of Robert C. Howard, president of the Atlanta Motor car company, as southern distributors for Mitchell cars. Mr. Howard, in consultation with Driver Zirkles on the best way to give more prominence to the machine. Their combined ingenuity soon resulted in the suspension of the Mitchell Ranger on a cable over the street, where it is illuminated at night by a cluster of electric lights, emphasizing the big sign over the touring car, which reads "The Mitchell Car—At the Top."

Directly in the line of vision of thousands at the new Piedmont hotel annex and causing no end of peck craning among the multitudes that use the thoroughfare, the suspended official peace-maker car not only is a novel exhibit of the daring of the agent who executed the idea of suspending it over the highway, but an aid in exploring the purposes of the New York-Atlanta tour. Every precaution was taken to guard against accident. The car having been attached to a steel cable by which it was drawn into place and anchored. Smaller guy cables held it from swaying. The counterpart of the Mitchell car at the national auto-show recently was viewed by more people than have watched the "At the Top" machine.

**CANADA'S NAVAL PLANS.**  
OTTAWA, Ont., Nov. 17.—Canada's naval plans were laid before Parliament today. They provide for the construction of three cruisers of the improved Bristol class, and four destroyers of the improved river class. The cost of the cruisers is estimated at \$5,750,000, and the cost of the destroyers at \$1,500,000. The annual cost of maintenance of the vessels is estimated at \$2,000,000. Two cruisers will be assigned to the Pacific and one cruiser and four destroyers to the Atlantic coast.

## \$15,000 FOR DEFAMATION.

SAN FRANCISCO, Nov. 17.—A judgment for \$15,000 damages for defamation of character awarded to C. Z. Sait by the Federal court of Los Angeles against the National Cash Register company, was confirmed in an opinion handed down today by the United States circuit court of appeals.

## KILLED ON AUTO RIDE.

SPRINGFIELD, Mass., Nov. 17.—Max O. Breckner was killed and two others probably fatally hurt as a result of a touring car containing five men owned and driven by J. Lewis Perkins of Holyoke, a tissue paper manufacturer, crashed into a tree in West Springfield.

## NOTED WOMAN BASEBALL INFILDER DIES IN POVERTY

KANSAS CITY, Nov. 18.—Miss Daisy Hoover, said to have been the best professional second baseman among women baseball players in the United States, will be buried in the potter's field today. She died in destitute circumstances at the city hospital last Thursday.

For years Miss Hoover was connected with the Boston Bloomer Girls. Last year she played through the East with the Star.

## BENNETT'S REPUBLICANS TO PLAY AT SANGER NEXT SUNDAY

Art Bennett's rejuvenated Republican team will take a spin to Sanger next Sunday to try conclusions with the formidable Reds of the flume town. Johnson, the ex-Republican boxer, will be on the slay for Sanger. He is considered one of the best amateur heavyweights in the San Joaquin valley and the Fresno bunch will be compelled to take its batting togs on the trip to solve the benders dished out by the big right-hander.

However, Manager Bennett is confident of restoring past defeats at the hands of the Reds by hammering Johnson. Bennett realizes that the task will be hard, but with his present lineup he is hopeful of accomplishing his desire. Johnson is a prime favorite to Sanger and the presence of the clever twister against his former teammates should draw a large crowd.

The lineup: King, catcher; Harman-Howard, pitchers; E. Preston, first base; Ashby, second base; Brant, third base; Kley, shortstop; Roster, left field; Baldwin, center field; Pond right field; G. Preston, utility.

## Fight Gossip

It is probable that Jack Geyer and Joe Willis will be matched for a return fight before the Pacific Athletic club.

The proposed Flynn-Willis match will not be staged, Flynn not wishing to take on anyone else prior to his fight with Ketchel.

Frankie Sullivan and Billy Chappelle have been matched to meet in the 10-round semi-windup to the Webster-Attell fight, Nov. 23.

Jack Johnson has the speed mania and wants to drive one of those big motor-minute buzz-trucks with which they burn up the highway in the Vanderbilt and other auto classics. Wonder if he will show the same desire to speed when he faces Jeff?

## A NEW SCHEME TO BOOM STATE

Los Angeles Has Plan for a  
California Exhibition.

Supervisors Asked Not to  
Discuss Enterprise of  
the Board.

A booster at Los Angeles has communicated with the supervisors in the interest of another advertising proposition. To assist in the carrying out of the plan, he has a designing office on the county advertising appropriation.

The booster is A. H. Lender of Los Angeles and he presents a new proposition in a permanent exhibition to be known as the "California state exhibition" and to "adequately represent every county in the state."

It is proposed according to the communication to erect a building 250x150, centrally located, of recent concrete construction, "one

span, the main exhibition hall, to be without a single pillar or support, and this span to be beautifully finished with a large skylight to furnish light for the entire hall, showing each exhibit to the best possible advantage and where each county may have sufficient room at a moderate charge to exhibit its products.

Proposals are given that it is expected to furnish advertising matter printed in several languages to be distributed throughout the United States and Europe, so it will come directly into the hands of home-seekers among emigrants as well as native born citizens. Moreover an agency is contemplated in New York and other important towns where emigrants land, to be equipped with information regarding each county, how to reach it by railroad, etc. In connection with the state exhibit it is further proposed to furnish a first class inter-state exchange which will enable each county to secure competent help when needed with the least possible delay.

There is an air of mystery enveloping the proposition, for by concealing the matter behind the board that has our plans are not fully matured as we will regard it as a personal favor if you will discuss the matter only with members of your board, or with parties particularly interested in a project of this kind.

### THE BEST INVESTMENT

Trade good oil stocks. The best to buy today is Northern California treasury stock at 70 per share. Geo. H. Smith, secretary, at Smith Bros.

## AGUILAR ASKS TO GO TO SAN QUENTIN

Request By Life Prisoner  
Reasonable, Says Court.

Administrator Asks for Let-  
ters in Estate of Mur-  
dered Brown.

According to Judge Austin it is a reasonable request to make and grant, when a man faces the prospect of a life imprisonment for life, to avoid him the right to choose the place of incarceration when there are two such places for him to make selection from.

So declaring himself, the judge pronounced judgment of San Quentin for the term of his natural life upon the Mexican, Francisco Aguilar, found guilty of the murder by slaying of the woman, Louisa Sierra, at the fair game ranch in August last.

The only statement made by the accused man before the judge, before the pronouncing of sentence was through an interpreter that he be sent to San Quentin rather than Folsom, and accordingly to the request Judge Austin expressed himself as above.

Aguilar was questioned for information as to his antecedents, to be incorporated in the statement to the State Board of Pardons, as required under a new law. The watched prisoner had little else to say concerning himself and that little was that he was born thirty-seven years ago in the Mexican state of Guanajuato and has all his life been a laborer in the field.

How little loved the prisoner was by the late prosecutor then him may be judged from the circumstance that after the sentence he dutifully rolled himself a brown straw paper cigarette and smoked his way back to jail in the escort of Ralph Sullivan.

**SUMMARY ESTATE CLOSING.**  
Public Administrator Andrews asks for summary closing of the estate of Young G. Middleton, known also as Joe, who died on the 14th of December, 1907. The estate consisted of an interest in a land sale contract, on which \$22.50 was due, the land worth \$100 and the money furnished by Anna, the widow, to pay J. B. Leiminger. The deed was made out in the name of the public administrator. In July, 1908, at Maricopa, Texas, Andrews, E. Middleton, son, died, leaving his mother and brother as heirs and the administrator comes into court asking that the estate of the purchased land be assigned to the widow.

**MURDERED MAN'S ESTATE.**  
Public Administrator Andrews asked yesterday for special letters in the estate of Harold R. Brown, who was murdered on Tuesday night. Estate consists of lots 10 and 11 in city block 70, located in bank, household furniture and accounts due. Search has been made to ascertain whether he left a will, but none has been found. The estate is represented to be suffering loss and damage for want of some person with authority to take charge and care for it.

**OIL STOCK SALE.**  
Judge Austin confirmed on the written request of all the holders the sale by Executor W. E. Street in the estate of Walter Scott of 275 shares of Associated Oil Company stock for \$12,500. The sale was made to unknown buyers through the San Fran-

cisco Stock and Bond Exchange.  
**SUING FOR SEWER WORK.**  
Contractor Alex Burger has sued E. J. Fry and others to recover \$7.95 for sewer work, as assessed against each of lots 8, 9, 10 and 11 in block 1, of Pacific addition. The work was for putting down a sewer on Pacific street under a contract for \$425 and a correct assessment of \$723.25.

**PROTESTS AGAINST  
THE MAYOR'S VETO**

W. C. T. U. Not in Full Approval of Ordinance, But Thinks Veto Backward Step.

At the regular meeting of the Central W. C. T. U. held November 16th, the following resolutions were unanimously adopted:

"Resolved, first, That the W. C. T. U. is a society whose only interest is the uplifting of humanity, protest against the veto of the liquor ordinance by Mayor Bowler."

"With the ordinance is not a step backward, as it would be, we feel that it is a step backward."

"Second, That we go to work more actively to arouse the people to the danger that this city is in, boys and girls of this city."

"Third, As Christians, women and mothers, we consider ourselves bound to do all in our power to protect our children, and to protect our city."

**TUCKER'S TOWNSHIP  
IS MUCH ENLARGED**

Nine sections of land have been added by the supervisors to Tucker township No. 5, which is the Santa Clara district, provided over by Justice Tucker. The sections were supposed to be from township 4, the Parker district, provided over by Justice Walton. The change was made necessary in the reprecincting of the county and in the formation of Monroe voting precinct out of Terry. In cutting out the new precincts, six were taken out of Chicago, two out of Chandler and one out of the old Fowler No. 2 precincts.

**MONEY WINDFALL  
FOR FRESNO COUNTY**

With 1,194,796 reported acres in three national forest reserves within the boundaries of the county, Fresno has a proportionately claim against \$18,808, approximately which State Controller Nye reports that he expects from the general government on account of forest reserve receipts and to be apportioned to the counties pro rata according to forest reserve areas in the counties interested. This means distribution of money for county school and road purposes under a state act of March 20, 1909.

**LICENSED TO MARRY**

Licenses to marry granted yesterday were to three couples, named as follows:

Erin B. Griffin, native of California, aged 28, and Pauline R. Smith, native of California, aged 20, residents of Fresno.

Edna Seary, aged 21, and Grace M. De Graw, aged 25, natives of California, and residents of Fresno.

Marion H. Kerrell, native of California, aged 21, and Bessie Self, native of Missouri, aged 21, residents of Fresno.

See Princess troupe at the Star Theater in Spanish songs and dances. Her Snake Dance is something out of the ordinary.

## JAPANESE UNABLE TO RE-OPEN BANK

Anderson Does Not Believe  
Can Get Funds.

Up to Time of Closing Local  
Institution Just Hold-  
ing Its Own.

The statement made by Alden Anderson in San Francisco recently regarding the financial condition of the Japanese bank of Fresno, was received by the directors, who did not get together the necessary money to put the bank on its feet again, according to a statement made yesterday by C. A. Teller, treasurer for the local institution.

When Anderson was in Fresno the directors of the Japanese institution were given the promise that if they could guarantee \$25,000 to put the bank on its feet again they would be allowed to reopen.

The directors of the institution maintained a letter to Anderson the early part of this week in which it was stated that the money might be secured, but Anderson is of the opinion that this will be an impossibility and has consequently made the announcement that the bank will in all probability be liquidated.

The failure of the Japanese-American bank in San Francisco caused the failure of the local bank because there was an deposit in the San Francisco institution \$25,000 belonging to the Fresno bank.

It was stated yesterday that at the time the bank closed, it was just holding its own and making no money. Teller stated yesterday, however, that the bank were interest on loans paid more promptly than in this bank, he declared. "In some instances where the payment of interest was only required quarterly, the borrowers came in and paid monthly."

**FREE TRIAL OF SAMOSE**

Flesh-Forming Food Given on Approval by the Patterson Block Pharmacy.

Would you like to be fat and plump and strong and hearty? Here is a chance to do it without risking the loss of a single penny.

The Patterson Block Pharmacy, our well-known druggists, have a new treatment called Samose, which they are selling on approval, that is said to be a true flesh-forming food. It is in tablet form, retailing at 50c a box.

If it does not increase the weight till out the thin, scrawny form and restore health and strength, there will be no charge whatever for Samose. Go to the Patterson Block Pharmacy today and get a treatment of Samose with their promise to refund the money if it does not do all that it claims.

Before commencing the use of Samose have yourself correctly weighed and note the gain from week to week.

The Patterson Block Pharmacy's faith in Samose is shown by their offer to refund the money if it does not increase flesh and restore good health. They really give you a free trial of the preparation, for unless it does increase the weight, it will not cost a cent.

# THE COLLINS Wireless Telephone

The Greatest Invention of the Century

Intercommunication with the human voice over unlimited distance.

WITHOUT THE USE OF WIRES

No Wires No Poles No Centrals

No construction to pay for; no franchise. Come and see and talk over the phones yourself.

The PARENT COMPANY OWNING the basic patents on this wonderful invention which will DISPLACE THE TELEPHONE, TELEGRAPH, WIRELESS TELEGRAPH AND ALL OTHER METHODS OF COMMUNICATION offers a portion of their capital stock to the public.

THIS STOCK WILL UNQUESTIONABLY be worth HUNDREDS OF THOUSANDS OF DOLLARS per share in a SHORT WHILE.

Remember the Parent stock of the PRESENT BELL TELEPHONE. PROF. BELL had to BEG the public to understand his phone. They said he was crazy. He had to BEG them to buy his stock, every share of which is estimated to be worth now about \$130,000 per share.

If the wire telephone increased so enormously, with all the cost of poles, wires, construction, etc., JUST THINK FOR YOURSELF the increase in the Collins stock WITHOUT ALL THESE MILLIONS OF EXPENSE.

IT NEEDS NO ARGUMENT.

COME AND TALK OVER THE PHONES

## GAS, DYSPEPSIA, HEARTBURN AND OTHER MISERY VANISHES.

Relief in five minutes awaits  
every Stomach sufferer  
here.

If your meals don't fit comfortably or you feel bloated after eating and you believe it is the food which fills you, if what little you eat lies like a lump of lead on your stomach; if there is difficulty in breathing after eating, eructations of sour, undigested food and acid, heartburn, brash or a belching of gas, you can make up your mind that you need something to stop food fermentation and cure indigestion.

To make every bite of food you eat aid in the nourishment and strength of your body, you must rid your stomach of poisonous, excessive acid and stomach gas which sours your entire meal—interferes with digestion and causes so many sufferers of Dyspepsia, Sick Headache, Bloating, Constipation,

Griping, etc. Your case is no different—your are a stomach sufferer though you may call it by some other name; your real and only trouble is that which you eat does not digest, but quickly ferments and sours, producing almost any unhealthy condition.

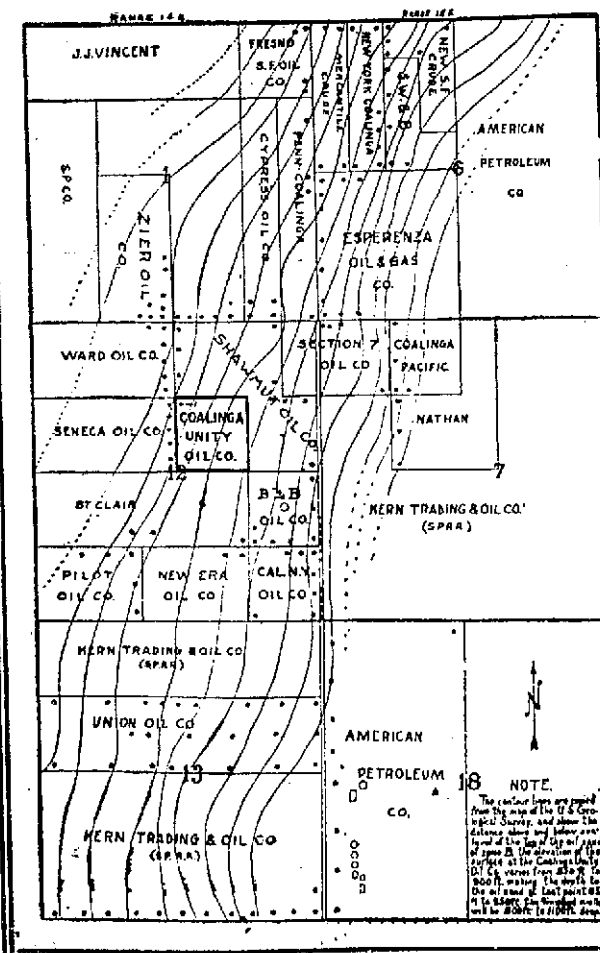

A case of Pape's Diapnepsin will cost fifty cents at any Pharmacy here, and will convince any stomach sufferer eating, eructations of sour, undigested food and acid, heartburn, brash or a belching of gas, you can make up your mind that you need something to stop food fermentation and cure indigestion.

No matter if you call your trouble Catarrh of the Stomach, Nervousness or Gastritis, or by any other name—always remember that a certain cure is waiting at any drugstore; the moment you decide to begin its use Pape's Diapnepsin will regulate any out of order Stomach within five minutes, and digest promptly, without any fuss or discomfort all of any kind of food you eat.

# A GOOD OIL INVESTMENT IS WORTH A LIFETIME OF LABOR

There is no better business today than the Oil Business. You can find no safer investment than the stock of

## THE COALINGA UNITY OIL COMPANY

## 75 cents a Share

This company has purchased 40 acres of proven oil land in the heart of the West Side District that is surrounded by producing wells. It is certain to become a quick dividend payer and its stock will rapidly increase in value.

Well No. 1 will be finished about December 1, 1909.

We have equipped the property with a complete outfit, including bunk houses, water well, tanks and a complete standard drilling rig.

The first allotment of stock at 75c is now nearly exhausted. Orders will be received at this price only subject to previous sale.

## No Royalty to Pay

Every dollar received from the sale of stock and from oil will be used on the property to make it one of the best holding in the Coalinga field.

Look up the men back of this enterprise; investigate the quality of the land. If you have money to invest, send for our booklet entitled "Facts About the Oil Business and THE COALINGA UNITY OIL COMPANY."

# THANKSGIVING TABLE DECORATIONS

It is as far as a cry from the Thanksgiving celebration of the pilgrim fathers on their rockbound New England coast in actual count of time as in the ways of providing and decorating the modern dinner table around which many of their descendants will gather on the appointed day of thanks which we all honor.

In this year of grace and on the coming Thanksgiving day the twentieth century housewife will find her greatest source of annoyance in a selection of good things to prepare for her guests rather than in offering up a prayer of praise that the family has enough and to spare, as did the hostesses on the first celebration of the feast day.

How the practical Marthas and bonnets of a bit faded Johns of colonial times would stare in astonishment if they could see a perfectly appointed Thanksgiving table of the present time—for instance, the very charming room and the board to be seen in the illustration, about which will be gathered on this 25th of November a merry party of diners! How they would blink their eyes and possibly criticize, and not altogether favorably, the electric lighting of this festive board! It is up to date hostess will add to her list of merces the very fact that she is able to run electric wires inside her pumpkin candelabras instead of using the old fashioned troublesome, spitting candles of yore. For this decoration she will select small pumpkins cut in the usual jack-o'-lantern style, and when placed about a centerpiece or at the four corners of the table the effect will be wonderfully good.

Tall centerpieces are again in vogue, so if this modern hostess has an epergne that has been relegated to the garret for a decade let her hunt it up and give it the place of honor on her Thanksgiving table. Burgundy and white grapes in graceful clusters may fill the dish, and nothing is more effective than to trail long sprays of autumn leaves from one tier to another until they fall to the base of the epergne. Thanksgiving comes rather late for natural autumnal foliage in most parts of the country, but it is always possible to buy the artificial leaves and use them without injury to one's artistic conscience. Autumn leaves, too, make mighty attractive place cards with a pale yellow spot left purposely in the center of the card for the guest's name.

Pumpkins are expected at the Thanksgiving feast, but the hostess who can show a prize winner in the shape of this luscious vegetable will be thought very clever if she uses it in painted form on her heavy cards. Such cards are easy to make. Color the body of the pumpkin a heavy yellow and the ribbon a deep blue. The ribbon is tied about the stem and arranged in conventional fashion around the pumpkin. Write the name of the guest upon the end of the ribbon which appears at the bottom. These souvenirs will be remembered long after the gastronomic deliriums are forgotten.

Chrysanthemums are, of course, the flowers that most appropriately do duty for Thanksgiving decorations. And a simple and very effective table adornment may be carried out with a tall horn of plenty—the cheap tin variety that has been nicely filled and then filled with a few hardy long stemmed chrysanthemums. To hold the horn in position it is necessary to fit the jointed end securely to a heavy square of wood. Naturally this primitive means to a decorative end is

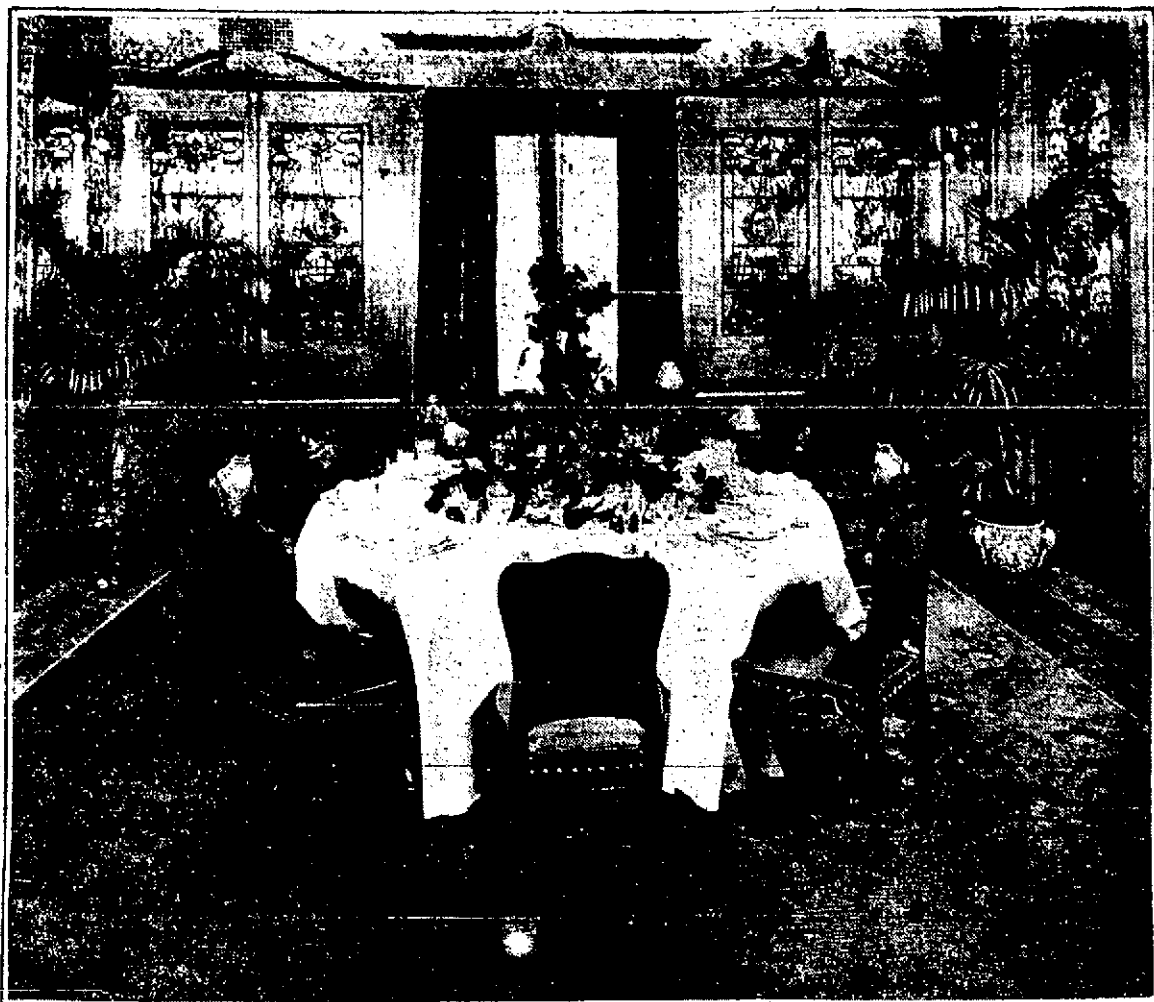

TABLE SET FOR THANKSGIVING DINNER.

obliged to be concealed, so a pretty idea is to surround the wooden base with chains of carved ribbon modeling or braiding with the color scheme employed and from those chains to run lines of the same ribbon to each place, fastening the ends with chrysanthemums.

When such a table decoration is used it is quite in keeping to have the feet in the form of horns of plenty or bunches of grapes in several colorings. Both are pretty and a little out of the ordinary. Any good center will be able to carry out either of these orders for a table more than the usual round or square of cream color.

And, taking of seats, there is a most handsome little table called a buffet, a name which in the divorce game may meet with approval, that is charming to serve in connection with the time honored plum pudding. To make the buffet remove the soft

part from meringue glasses, place in the oven to dry out and fill them with a mixture of chopped candied fruits and blanched nut meats chopped and mixed. Moistened with orange marmalade. Put the meringues together in pairs.

Here, too, is a Thanksgiving pudding which is a good and cheap substitute for the more expensive plum mixture. Beat to a cream three-quarters of a cup of butter, add to it a cup of molasses, the strained yolks of four eggs and two cups of scalded milk in which two teaspoonsful of soda have been dissolved. Then add four cups of sifted pastry flour. If bread flour is used more will be needed and the pudding will not be as moist. Add an even teaspoonful of cinnamon, one of nutmeg, half a teaspoonful of cloves, a quarter of a pound of citron cut in shreds, two pounds of seeded raisins and last of all the whipped whites of

four eggs. Beat the whole mixture well and pour it into a buttered and sugared pudding mold. To sugar the mold top a teaspoonful of sugar in it after it has been thoroughly buttered, so that the sugar will cling to every part. Cover the pudding closely and boil it steadily for six hours. It may be steamed if preferred and cooked better and looks better if a fluted pyramid mold is used.

For the wine sauce cream one cup of butter with two cups of sugar. Add gradually half a cup of butterscotch or sherry and place the sauce in a bowl, set in a basin of hot water and stir for two minutes or until it is perfectly smooth and foamy. Serve hot.

**HINT FOR SEWING.**  
"One of the most difficult things about sewing on hooks and eyes," said a seamstress, "is to do it so the thread

does not show on the right side of the garment. At last I have learned how to accomplish the end in a delightfully simple way. If the hem or flap where the fastenings go is narrow, I slip a piece of white muslin into it, sew on the hooks and eyes and then take the white muslin out. If the opening is wider than the hem, I cut a piece of heavy cardboard the proper width and slip that in. It really saves one a great deal of time in sewing.

**CONCERNING CLUBWOMEN.**  
Miss Rose Elizabeth Cleveland, sister of the late President Cleveland, has signed the national suffrage petition. Mrs. Finkhurst is said to have started her suffrage campaign with an office of one room six years ago. Now she has thirteen rooms, with a stenographer and typewriter in each. On beginning she had only a few shillings in the society when she formed, the mem-

**Charming Effects That the Pilgrim Fathers Would Gaze Upon With Astonishment.**

bers of which could have been counted on the fingers of one hand. In 1906 the receipts were more than \$13,000. In 1907, \$35,000; in 1908, \$100,000, and this year \$250,000 has already been subscribed. Mrs. Finkhurst was born on the anniversary of the storming of the Bastille. Her husband was a member of the first woman suffrage society, which was founded by John Stuart Mill.

The Political Equality association, which was recently launched by Mrs. O. H. P. Belmont, is to remain an independent organization. It is said to be behind the assembly district campaign which is being organized all over the state of New York and will continue to work until votes for women are obtained. Its membership is reported to be made up of all conditions of men and women. Several business men have subscribed as much as \$1,000 to its funds and many working women, who could afford no more, \$1 each. In spite of this difference in contributions each member is said to have the same privileges.

At the instance of the clubwomen of Bulgaria the sovereign has passed a law imposing a tax of \$5 a year on all unmarried men over thirty. At Timisoara, the old capital of Bulgaria, it has been the custom for many years to humiliate unmarried men on the first Monday in Lent by beating them with inflated bladders. Since the passing of the recent tax act the unmarried men entered a formal protest against the custom. They say they are willing to pay the tax if protected from being beaten.

**JET ORNAMENTS AND SENTIMENT.**

The return to fashion of jet, with its fine polish, reminds one of two different epochs by two authorities as regards the effect of red jet ornaments on beauty and sentiment. In one instance Mme. Vierge Lebrun, a portrait painter of repute, on describing in her memoirs the deep mourning toilet worn by the queen of Prussia during one of the audiences to which the artist had the honor of being invited, expresses her admiration for the striking appearance of the flame composed of jet wheat ears whose soft, lustrous rays so splendidly highlighted the dazzling whiteness of the skirt of the royal wearer. Later on Charles Blanc, once director of the arts in Paris and a renowned writer on everything pertaining to art, and, above all, to art in ornament and dress, declared in a dissertation on "Jewels and Their Artistic and Moral Properties" that a widow can only wear mourning jewels in jet, black enamel or onyx. By the use of sad colored jewels she certainly appears more disconsolate than she would by the absence of ornament. Such a statement is apparently open to controversy but, after all, is not sentiment a thought prompted by individual feeling, the refined fruit of fantasy?—London Queen.

**THE "MOONLIGHT SONATA."**  
Beethoven's famous "Moonlight Sonata" was not so called from any wish of the composer. It derived its world known title from the expression of a critic, who said that the first movement reminded him of a boat sailing by moonlight on the Lake of Lucerne. His opinion was quoted first by one and then another in musical circles, and the sonata thus became known by the name which will always be associated with it.

**MISNAMED.**  
Many well known things are entirely misnamed. Kid gloves are never made of kid. German silver does not come from Germany and is not silver at all. Irish people don't recognize Irish stew. There is no wax in sealing wax. Dutch clocks are made in Germany.

**ALWAYS FUN AT DINNER TIME.**  
An up to date mother has struck upon a plan which adds greatly to the general good humor of the household over which she presides. A son works with his father, and there are three girls and a boy in school. At dinner every night each member of the little circle must tell the funniest incident in his or her personal experience of the day. Tried as an experiment, the idea has been made permanent, and it provides a harrel of fun every twenty-four hours.

**MRS. TAFT COLLECTS SILVER CUPS.**  
Mrs. Taft years ago began collecting silver cups in lieu of fragile crystal glasses from which water usually is served. She has now a dozen or two cups and in the family circle she uses them constantly. They are all of uniform size but of different designs and have been purchased in many foreign countries. At the breakfast table each member of the family has his own cup appropriately engraved.

## Fun For the Thanksgiving Dinner

"Oh, it's only a family dinner, so we are not going to bother much about table decorations," is a remark one often hears when plans for the Thanksgiving dinner are being discussed. The very fact that the dinner is "just for the family" is often accountable for a dull and most uninteresting feast. Simply because there are no guests outside the family circle those present do not feel that they are required to make any special effort to be entertaining. Now, unless some special "stunt" is provided by the hostess the meal is apt to be prosy and decidedly commonplace. There doubtless will be a feast of good things to eat. Every housewife takes a pride in

the little dolls dressed in some quaint old world costumes. A charming doll favor that has recently been imported from France shows a court lady of the Empress Eugenie period gowned in a hoop skirted frock of shiny silk. An electric light placed under the wide flaring skirt brings out the beautiful colorings of the silk and throws a glow over the pretty face of the Parisian beauty. These figures are used not only as favors, but for lighting the table as well.

Court heralds in rich looking red or green velvet. Eclerbackers, with golden trimmings, to which are attached for the menu, may be given to the men at dinner to correspond with the court lady.

Of course these novelties are expen-

were written by the hostess on as many cards as there were guests. Here is the list:

(1) What part of the turkey assists my lady in making her toilet? (2) What part of the turkey opens the front door? (3) What part of the turkey will appear on Dec. 17? (4) What part of a turkey is part of a sentence? (5) What part of a turkey is used for cleaning purposes? (6) What part of a turkey does a farmer watch with anxiety? (7) Why is the man who eats too fast like a turkey? (8) What part of the turkey is an ornament? (9) Why ought the turkey to be ashamed when he is being served? (10) What color gets its name from the turkey? (11) What feathers find a place on my lady's dresser? (12) When the turkey

## AUGUSTUS HARE AND HIS AMERICAN ADMIRER.

To be called an impostor is not usually a particularly pleasant experience, but that it can sometimes happen without giving offense is proved by the following anecdote of the late Mr. Augustus Hare related by his cousin, Lady Blomfield. While Mr. Hare was taking a large party in Rome to see the Coliseum an American joined the party. "He listened for some time to what Mr. Hare was saying, looking very angry, till at last he stepped forward and, addressing the spectators, exclaimed: 'Ladies and gentlemen, I do not wish to outrage myself upon you, but there are things which no gentleman can hear unimpaired and without the wish of showing up an impostor. Ladies and gentlemen, I do not know who the person is who has been addressing you, but allow me to inform you that the lecture has been taken word for word from Mr. Hare's book, "Wonders About Rome." Mr. Hare, much amused, answered, 'Sir, I cannot express my acknowledgment for your kindness—indeed, I did not know that I possessed so warm a friend—but, sir, I beg to inform you that I am Augustus Hare!'"

**THE WEDDING VEIL.**

It is quite important enough to deserve attention apart from the rest of the wardrobe. A wedding veil of tulle will cost from \$10 to \$15 to begin with.

The price depends somewhat upon the height of the wearer, for the veil must fall quite to the length of the long train.

After the lengths of tulle have been draped on the head and spread out over the skirt the lower edge should be shaped so that it falls gracefully just over the train.

The veil which falls over the face is the easier to arrange, for it has only to be thrown over the head, a coronet of orange buds holding it in place on top.

White pearl headed pins should be used for fastening it to the bride's hair.

**DON'T BUY CHEAP COMBS.**

It is a mistake to economize on combs. Too many girls think anything will do that they can run through the hair. There is no greater mistake as uneven, rough or jagged teeth not only break the hair, but often irritate the scalp.

If one can afford it, tortoise shell makes an ideal comb. These of ivory are equally good and even more costly. If celluloid be used, be certain that it is perfectly smooth on the points and sides; also do not use it too near a flame, as it is inflammable.

The teeth should be fine, strong and rounded.

**CLUB FOR UGLY WOMEN.**

One of the most short lived clubs ever formed was the Club des Laides—a club for ugly women—organized by the Princess Pauline Metternich, who was an elegant woman, but so ugly that she used to call herself "a white monkey." Perhaps the fact is not true, but she tried to gather some of the other women she knew who were not blessed with good looks into a club. But the club proved unpopular and died a natural death. The princess got back at her women acquaintances by remarking that if there were any cinder in them her club would be overhauled.

ERANA, WAAPU, KIRI MATAO.

## NATIVE WOMEN WHO VOTE IN NEW ZEALAND

THE native Maori women seen in the illustration are prominent in political and educational work in their tribe. Kiri Matao is the widow of a much respected chief and has voted for twenty years past, since the first election at which women were permitted to cast a ballot. Waapu, a half caste Maori girl, is very highly edu-

cated and is doing splendid work among her people, and the third is Erana, a full blooded Maori girl, who cast her first vote at the last New Zealand election.

These women are all advocates of prohibition and vote the Conservative ticket. The women of New Zealand vote to the polls with the men. The ballot is a secret one, and all the names on the ballot are erased except those for the preferred candidate.

Sir Joseph Ward, prime minister of New Zealand and an ardent supporter of woman suffrage, was chiefly instrumental in obtaining the vote for women of New Zealand, which was granted by a special act of parliament some years ago. The country is accounted the best governed in the world.

**WAYS OF USING APPLES.**

BAKED apples may be varied in several delicious ways. A little honey and butter can be buried in the hollows after removing the cores. Chopped nut meats mixed with thin strips of lemon and orange rind may take the place of the honey. The tops should be sprinkled with sugar and nutmeg or cinnamon.

Apple meringues are merely glorified baked apples. Fill the hollows with quince jelly, cover with fluffy meringue and brown slightly in the oven.

Apples make ideal cups to hold individual servings of certain salads. They are appropriate for a Waldorf salad of minced apples, celery and nut meats, for one of minced peppers, celery and tomatoes or one of sliced ba-

nnas and nut meats dressed with mayonnaise. Rosy apples with a glossy skin are the best for these cups.

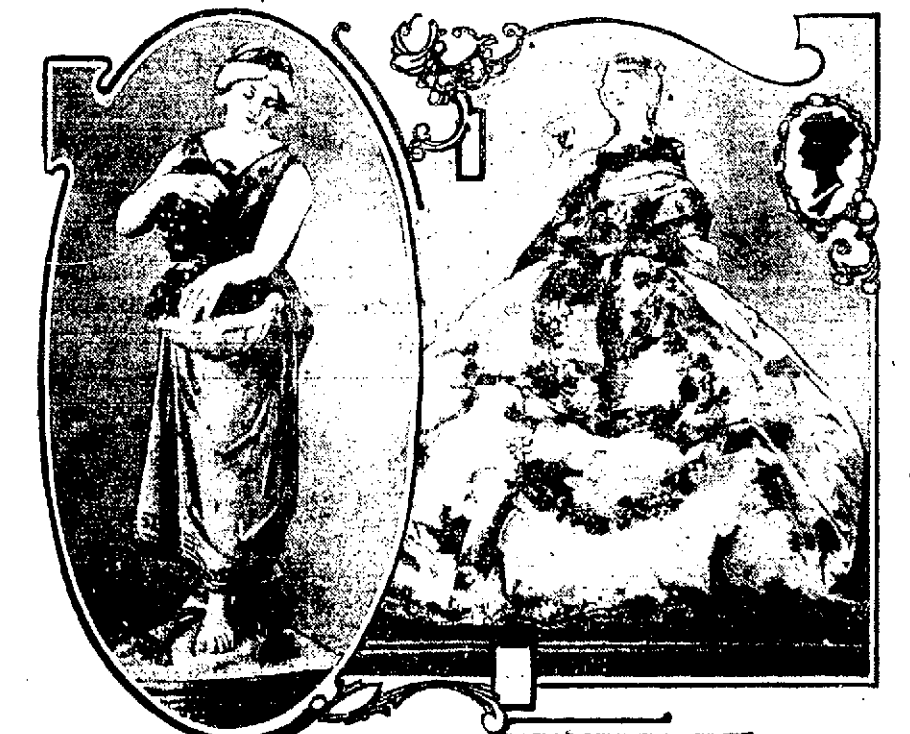

This unique salad may be served either in apple or tomato cups. Use equal quantities of minced celery, apples and mild green peppers. Season well with salt and pepper and add enough minced onion to suit the taste. Avoid the use of too much onion, as it obscures the salad. Dress this with a nicely seasoned mayonnaise and pile into the cups. If tomato cups are used add the tomato pulp scooped from them. To achieve complete success the vegetables should be chopped very fine.

An apple taponia is especially nice if served with cream. Wash a cup of taponia, pour six cupfuls of boiling water over it and cork until the taponia

balls are perfectly clear. Measure six cups of peeled, quartered and uncooked apples and add to them some grated lemon rind and a cupful of sugar.

Mix with the taponia, seasoning with a scant teaspoonful of salt. Bake in a slow oven and serve either hot or cold.

A cupful of grated apples of superior quality may be used to flavor ice cream. Grated apples are sometimes added to pancake batter. Better yet, however, are the sweet pancakes or waffles spread with a thin layer of apple sauce flavored with lemon. Malted apple jelly flavored with quince may be used instead of the sauce. Spread the fruit over the buttered and sugared waffles or cakes and pile them out upon another. Serve at luncheon or the dessert at dinner.

THE LATEST FRENCH NOVELTIES IN FAVORS.

her menu, but the flow of soul is apt to be woefully absent.

If there is a member of the family who is clever at writing fables, legends, or even a few lines of verse, it is appropriate for Thanksgiving dinner to have a little fair play for each member of the family referring to something for which each guest should be thankful, hitting off their characteristics in a funny fashion, would set the ball of fun rolling. The little cards on which the lines are written could be hidden in the favors or attached to narrow ribbon and concealed in the centerpiece.

This year the favors for formal din-

# F. S. GRANGER DECLARES MONEY IS NOW ASSURED

## Interurban Railway Promoter Returns From Extended Trip to Chicago; Brings Representative of Company Which Has Purchased Bonds

Declaring that at last he had secured money to build the proposed Fresno-Hanford interurban railway, F. S. Granger, promoter of the road, returned Wednesday night from Chicago, where he has been engaged for the past few weeks in interesting capital in this project. Accompanying Mr. Granger upon his return to this city was George A. Juille, one of the interested capitalists. Mr. Juille will make an inspection of the proposed road today and his verification of the report made by Granger in the east will in all probability be verified tonight. Granger stated last night that the president of the company which he says has purchased the bonds, will leave Chicago Saturday night if he did not leave last night, and will be in this city during the early part of next week, at which time the final papers will be drawn up and preparations begun immediately to construct the new road.

The name of the company securing the bonds is withheld for the present, but it is expected that full announcement of the proposed working of the road will be made within a day or so.

At the time Mr. Granger interested the company, of which George A. Juille is a representative, he not only presented them with his report of conditions, but with the report made out by W. E. Davis of the Cleveland Construction Company, who was in Fresno early this year looking over the prospects for the road. Both reports were very conservative and Mr. Granger stated last night that he was confident that when Mr. Juille sees the country through which the line is to pass he will also see that the report underestimated rather than overestimated the resources in this section.

George A. Juille was for ten years vice president and general manager of the Chicago street railway system and is an expert in electrical railroad work.

He will remain in Fresno until the line is completed, supervising personally the work of construction. The president of the company which is said to have purchased the bonds, will only spend a short time in Fresno and will then return to Chicago, where the offices of the company are located.

Mr. Granger, when seen at his home last night, appeared very jubilant over the result of his trip to the east and declared emphatically that it was a complete success and that the road had been financed. He made the positive assertion that the line would be in operation by May 1, and added that construction work would start as quickly after the arrival of the president of the bonding company as it is possible to secure men and teams.

## ANTI-SALOON MEETING EXPRESSES DISAPPROVAL OF ORDINANCE VETO

Rev. I. B. Bristol Reviews Fight Made in Fresno Against Saloons—Resolutions Commend the Five Trustees and Condemn Course of Mayor.

District Superintendent I. B. Bristol, of the Anti-Saloon League, addressed a mass meeting at St. Paul's M. E. church last evening on the subject of the ordinance vetoed by Mayor Pickford.

Mr. Bristol talked for an hour, reviewing the fight against the ordinance since the date of its arrival in this city in November, 1907, to the day when Mayor Pickford vetoed the ordinance. At the conclusion of his remarks, Mr. Bristol announced the appointment of a committee of three, composed of those present, who would petition the city council, expressing the sentiments of the citizens assembled in mass meeting.

The committee consisted of J. N. Sproule, Rev. Thomas Davidson, and Mr. Michael. During the absence of the committee, an impromptu talk was made by Thomas Davidson, Rev. A. P. Brown and Rev. Charles C. Woods. Chairman J. N. Sproule read the resolution. He was greeted with a ripple of applause when he said: "Mr. Pickford, the man who should have been elected city trustee." The resolution, in full follows:

**ADOPT RESOLUTIONS.**  
We, the people assembled in mass meeting, hereby offer our hearty congratulations and thanks to the five members of the board of trustees who supported the ordinance, and we trust they will continue their endeavors to secure the abolition of the open saloon.

"We, also, hereby express our profound disappointment and regret that Mayor Pickford should have yielded to such pressure as led him to thwart the voice expressed will of the people, by his recent veto. Furthermore, we condemn in unmeasured terms the resignation of the mayor in refusing to accept the ordinance from the seventh ward.

"We disfavor any movement toward high license."

Rev. Williams of the Cumberland Presbyterian church, moved that the resolution be adopted without any amendments. Thomas Davidson seconded the motion and a standing vote was called for, the resolution being unanimously adopted.

**REV. BRISTOL SPEAKS.**  
Mr. Bristol opened his remarks by stating that it had been the policy of the Anti-Saloon League in Fresno to avoid sensationalism, as a permanent solution of the liquor question could be secured only by calm and sane consideration and action. He traced the efforts to regulate the saloons during the past ten years and declared that the vote of the people against saloons was not due to any snap judgment. He said the ordinance which was passed upon was based upon the Pasadena ordinance, and was amended to abolish only saloons.

"The ordinance was never considered as ideal," said Mr. Bristol, "but under it, abuses could be corrected by public sentiment would be enlightened by experience. The open saloon was the present limit of popular legislation. From past experience, the Anti-Saloon League feared that some pecuniarily interested party would tamper with the ordinance and the Good Government League would be able to amend it to allow only saloons."

Thus the alarm goes to all the engine houses.

But frequently the fire may be blocked away from the telephone in place of alarm and much valuable time is lost in beating the fire. Assistant Chief Baled mentions a case in illustration on the 7th inst., when an alarm was turned in at the church corner. In fact the fire was at 1211 S street, three blocks away on a zig-zag course.

The increase in the number of character wheels gives that many more fire locations and being well distributed it will be possible when a transmitted alarm comes in by telephone for the apparatus to respond nearer to the place of the actual fire than heretofore has been possible.

The added character wheels and numbered locations have also made it possible to have a fire location on every corner in the business district bounded by H and K, Kern and Merced streets. The new fire locations as listed are these:

The alarm from a signal box is a direct one to headquarters, but because of the limited number of boxes, a fire is discovered and warning is sent from the locality by telephone to the central, which rings up the headquarters, and the main duty turns the character wheel on the signal board corresponding to the number of the signal box or location nearest to the telephone reported in place of the fire.

ITALY MAY REDUCE THE TAX ON SUGAR

ROME, Nov. 18.—The Chamber of Deputies re-opened today. The government presented a plan for the reduction of indirect taxation, chiefly an affecting sugar, the loss of revenue in this direction to be offset by a progressive income tax. It also is proposed that railway employees shall participate in the dividends of the state-owned railways.

WARREN, Ind., Nov. 18.—Jos. High, well and his wife, against whom he had filed suit for divorce, met to day at the home of a relative, and, failing to reach an agreement to withdraw the suit, Mrs. High took her belongings, threw herself in her husband's arms and died in a few minutes.

## PARTRIDGES ARE DUE ON MONDAY

Fresno's Quota Will Be Let Loose in Foothills at Pine Ridge Base.

District Deputy Game Warden Ferguson received word yesterday of a shipment for arrival on Monday next of 100 pair of Hungarian partridges from the state game farm.

Unlike the Mongolian pheasants for breeding in captivity, the partridges will be liberated to become wild birds and add a new game bird to the wild life of the foothills and mountains.

The consignment is for distribution in the district which comprises Madera, Fresno, Kings, Tulare and Kern counties, but unlike the experiment made in this county one year ago when some 20 pairs of partridges were liberated on the plains, Warden Ferguson will liberate the consignment at an elevation of from 3500 to 5500 feet in the foothills at the base of Pine Ridge. The idea of placing them in an elevated region is to introduce them to conditions which are natural in their native state.

The partridges liberated last year were let loose near Reading's Fancher creek nursery and while the birds have been found from time to time it is feared that they have not multiplied as they should have done. They are now birds and it may be that they are under concealment in the fall and will not be seen until it has been killed off by the winter frosts on the other hand report is that the birds liberated in the valley plains in Madera and near Visalia have done well and multiplied.

The Hungarian partridge is a gamey little bird of dun brown plumage in color not unlike that of the grouse. It is a bird a little larger than the mountain quail and is delicious eating.

Warden Ferguson says that for the Mongolian pheasants released the other day, he received personal mail, telephone, long distance and telegraphic applications enough at home and in the office to have distributed 1000 instead of 25 pheasants for breeding in captivity. In this regard he says that a pair of Mongolian pheasants for fancy poultry raising costs \$12 to be imported out of Oregon.

NEW YORK, Nov. 18.—Albert T. Patrick, who is serving a life sentence for the murder of William McKinley in 1906, succeeded in obtaining another writ of habeas corpus today through his counsel, William L. McDonald, from Presiding Judge Hirschberg of the appellate division of the supreme court in Brooklyn. The writ is returnable November 29.

It is either right or wrong. If it is wrong it is worse than nothing. If we make your glasses you may rest assured they will be exactly right.

We have by large odds the best equipped factory between Los Angeles and San Francisco.

Our shop superintendent, Mr. Laine, is second to no mechanical optician in the state. Give us your optical work, we will please you.

## No Alcohol!

Is alcohol a tonic? No! Does it make the blood pure? No! Does it strengthen the nerves? No! Is Ayer's Sarsaparilla a tonic? Yes! Does it make the blood pure? Yes! Does it strengthen the nerves? Yes! Is it entirely free from alcohol? Yes!

Ask your doctor if a family medicine, like Ayer's Sarsaparilla, is not vastly better without alcohol than with it.

Kondon's CATARRHAL JELLY

Instantly Relieves and Cures Catarrhal Sore Throat

Do not neglect Catarrhal sore throat. It will never get better of itself. Unless treated in time it becomes chronic, leads to loss of voice, foul breath and serious complications.

Kondon's (in sanitary tubes) gives quick relief. Smear a bit of this aromatic, soothing, cooling jelly well into the nasal passages. Take a small portion internally, leaving in the throat as long as possible, rub the throat well with the jelly—you find almost instant relief. Get a box of the tube today of your druggist or send penny postal to us for free sample.

Kondon Mfg. Co., Minneapolis, Minn.

**WANTED—By two experienced cleaners, more work. Can wash clothes, dishes, pots, pans, paint, floors, windows, anything—without scratching or injury. Always busy but never too busy. References from everybody. Inquire of your GROCER.**

**GOLD DUST**

This advertisement is only an imaginary one, but if it could be brought to the attention of every woman in the land who is unacquainted with the cleansing virtues of Gold Dust it would save untold labor and many an aching back.

Gold Dust is better than soap or any other cleanser. It does its work more quickly, more thoroughly and more economically. If you have been a slave to housework, let the Gold Dust Twins emancipate you. Gold Dust will enable you to do all your household cleaning in half the time, with half the labor, at half the cost. Its use means absolute economy, and to work without Gold Dust is to do work the hard way.

Buy a package of Gold Dust to-day, and learn the joys of housework rightly done.

Do not use Soap, Naphtha, Borax, Soda, Ammonia or Kerosene with Gold Dust. Gold Dust has all desirable cleansing qualities in a perfectly harmless and lasting form. The Gold Dust Twins need no outside help.

Made by THE N. K. FAIRBANK COMPANY CHICAGO  
Makers of Fairy Soap (the oval cake)
